The following is a summary of the main points of discussion. For further explanation please contact a member of the Project User Group.

Planning for the new Cunderdin Health Centre – Architects from Iredale Pederson Hook visited Cunderdin in December to view the proposed site of the new Health Centre and meet with the local staff and Shire president.

Schematic Design meetings are scheduled to commence in March. Local health providers, as well as project staff and health management will form user groups that will meet with the architect to develop the floor plan.

Primary Health Services - Over the Christmas break Cunderdin Health Centre staff have been attending brief intervention training for smoking cessation. Staff are also planning to target obesity and injury from falls in the coming months.

Communication – The PUG have provided input into a communication plan for 2016. They have provided topics for articles based on community queries and help distribute information on the project.

If there are any questions arising regarding these minutes please contact the Redevelopment Project Officer Emma Birch on 0437 223 470 or email emma.birch@health.wa.gov.au.
