

Candidate Profile of Anthony Smith for the Shire of Cunderdin 2023 Council election

Having moved to Cunderdin in 2017 I am currently involved in several community activities, serving on the Museum and Men's Shed committees as well as being involved with the Cunderdin 100 Mile Club which puts on the annual car show.

I was first elected to Council in 2019 and have enjoyed being involved in a well run Council with the CEO and staff providing excellent management support to maintaining open and accountable local government which is essential to the financial stability of the Shire.

I am seeking re-election to Council to continue working towards further improvement in Shire amenities for ratepayers in both Cunderdin and Meckering.

We are fortunate in having a range of farm and other business activities that provide employment but there is a shortage of both rental and owner occupied housing.

If re-elected a key focus for the next term is building on current plans to provide more housing in our Shire to cater for growth in both farming and industrial business's.

I seek your support for another term as a Shire Councillor.
