# Cunderdin Youth Wellness Day

On Friday, the 13th of February the Cunderdin Youth Council organised a Youth Wellness day for the secondary students at Cunderdin District High School. This event involved having multiple mental health speakers come and facilitate workshops around the theme of mental health and well-being. We had Kai Fella visit as well as Art Jam, Zero 2 Hero and Kate from Wellness Studios as well as many resources that were provided by Cancer Council, Headspace, Beyond Blue and RUOK.

The day was all about expressing personal stories around mental health and finding outlets through art, movement and discussion between peers and trusted adults. It was a day that celebrated young people and highlighted the importance of checking in on one another as well as yourself. At the end of the day, the students were able to take home resources that could help them moving forward, including stress relief toys, colouring in pages, pens, journals, and other products that support their mental health and well-being. We are very grateful for CBH Grassroots grants that funded this program and are proud to see the benefits of having events like these.
