## 1. Planning Framework

Under Local Government (Administration) Regulations 1996 Regulation 19DA (3), a Corporate Business Plan for a district is to:

## 1.2 Purpose of the Corporate Business Plan

The Corporate Business Plans defines the facilities, services, programs and projects the Shire will undertake to deliver the community priorities that are detailed in the adopted Community Strategic Plan. Appended to the plan is a financial forecast for the next 4 years taken from the long-term financial plan.

The list of Community Priorities section later in the plan also provides the basis for quarterly reporting using a simple traffic light system. This information will be shared with Council and the Community on a quarterly basis via an OCM Item and the Shire's web-site.

The Corporate Business Plan is reviewed and updated annually to reflect any changes to the long-term financial plan, service levels and to include any new programs, projects or strategic initiatives.
