

## **Ranger Report, Property Inspection of XX XXXXXX Street Cunderdin – Request for Permission for Multiple Dogs**

Inspection Conducted 23/01/2023 at 09.53hrs. Daniel Byrne and Deanne Blom in attendance. No barking on arrival and dogs greeting was friendly.

The property is approximately 2000sqm on the corner of Mitchell Street and Spear Street Cunderdin Western Australia.

The property has secure fencing and locked gates. There have been no previous complaints regarding dogs from this address. The application is due to aging of current dogs.

Three dogs present inside the main house, which have access to inside and outside.

- 953010000982996 "Summer" Desexed female, 11-year-old blue Staffordshire terrier registered tag # 0126
- 982009106520355 "Bodhi" Desexed male, 13-year old blue Staffordshire terrier Lifetime registration.
- 941000027397410 "Lucy" Entire female 8-week-old blue Staffordshire terrier. To be registered at 12 weeks of age.

Fresh water source available. All dogs look to be well cared for and current with all vet work. All dogs microchipped and vaccinated. I asked about excrement clean up and Mr Byrne stated this happened often, no evidence of flies or smells. Yard is well set up and clean. Dogs are extremely well behaved and obviously trained to a high standard.

Rangers' recommendation to allow multiple dog application to be approved. Neighbours in the area were door knocked and no contact has been made with concerns or worries. If you would like more information do not hesitate to contact me.
