Regarding: Fire Break Infringements over 2 Great Eastern Hwy and L100 Hodgson St , Cunderdin, WA

Dear Manger,

As discussed with Aslei from your council I hereby formerly request the above infringements to be written off for the below reasons:

- Our comp[any new investor in your Shire ...
- We are new young company struggling with the land that proven to be useful as we thought.
- When we managed to locate appropriate person to assist us to cut the grass and maintain the land, he was late to start the job however he did the job requested and cleaned all the site as discussed with Ashlei who confirmed to me that the job was done.
- I was surprised to receive the fine when we did the job
- As discussed with Ashlei we good citizen and pay our rates despite we are low on income .
- Since this job was completed I have spoken to the contractor to do the lawn on this block of land as it is required so we don't have this issue again we certainly repeat this issue with the council.
- So as mentioned I appreciate if the council understand my position and note that we are based in nsw and not familiar with your area nor we knew any contractor or any one in the area.

Yours Faithfully

Malcolm Ayoub

Director
