9.4 Shire of Cunderdin Quarterly Risk Management Report- September 2022

Location:	Shire of Cunderdin
Applicant:	Administration
Date:	11 th October 2022
Author:	Hayley Byrnes
Item Approved by:	Stuart Hobley, Chief Executive Officer
File Reference:	Nil
Attachment/s:	9.4.1 – 9.4.17 Quarterly Risk Management Reports- September 2022

Proposal/Summary

For Council to note the results of the Risk Dashboard review of the Risk Management Governance Framework.

Background

The Shire of Cunderdin Risk Management Policy in conjunction with the components of the Shire of Cunderdin Risk Management Framework sets out the Shire's approach to the identification, assessment, management, reporting and monitoring of risks. All components of the Shire of Cunderdin Risk Management Framework are based on AS/NZS ISO 31000:2018 risk Management – Guidelines.

The Risk Management Framework is to be reviewed for appropriateness and effectiveness at least every three years.

The Shire of Cunderdin endorse the Risk Management Framework at the Ordinary Council Meeting in October 2021, with the following resolution;

Resolution 9.12 OCM OCTOBER 2021

That council endorses the Shire of Cunderdin Risk Management Framework.

Comment

The Framework is a comprehensive overview of how the Shire identifies risks that are likely to impact the operations of the Shire and reflect the appropriateness and effectiveness of the Shire's systems in regard to risk management, internal control and legislative compliance.

The Local Government (Audit) Regulations 1996 prescribes the requirements for local governments in relation to the engagement of auditors, the annual compliance Audit Return and the functions of the Audit Committee.

The amendments extend the responsibilities of the Audit Committee and Chief Executive Officer of the local government in relation to the reviewing and reporting of the local government's systems and procedures in regard to risk management, intern control and legislative compliance.

The Risk Management Framework, developed by LGIS, is in response to the requirements of Reg. 17 of the Local Government (Audit) Regulations 1996 and encapsulates those requirements.

A review had been completed on the Shire's systems in relation to risk management, internal control and legislative compliance and considers that they are appropriate and effective with the exception of those identified on the attached Dashboard Report.

The key controls that presented as Inadequate when the review was completed are as follows;

Asset Sustainability Practices

- Most assets photographed – this process has commenced

Business & Community disruptions

- Generator
- I.T. Disaster Recovery Plan – This was included as part of the IT Tender completed in 2021.

Proposal/Summary

It is proposed that Council adopt the following new/ amendments to our Fees and Charges:

Hire of Utility and Fogging machine (incl operator) \$150.00 per hour.

Background

Due to the rainfall and the amount of stagnant water the mosquitos have been an ongoing issue in areas of the community, whilst the Shire fogs the Cunderdin and Meckering townsites it is not feasible to fog outside of the townsites.

Comment

The Shire of Cunderdin has recently received requests from surrounding shires and community members to hire the fogging machine to utilise in their community or on privately owned properties. We have assessed the option of hiring the Fogging machine to surrounding local governments and community members and believe It would be best to hire this as a wet hire option including the experienced operator therefore the proposed fee is \$150.00 per hour.

9.8 Application to Keep Three (3) Dogs – Ms Bloodworth and Mr Jasper

Location:	98 Mitchell St, Cunderdin
Applicant:	Penny Burges and Perry Jasper
Date:	14 th October 2022
Author:	Stuart Hoblely
Item Approved by:	Chief Executive Officer
Disclosure of Interest:	Nil
File Reference:	
Attachment/s:	Attachment 9.8.1 Application to Keep 3 Dogs – 2020 Attachment 9.8.2 Application to Keep 3 Dogs – 2022 Attachment 9.8.3 Photo of Dogs Attachment 9.8.4 Ranger Recommendation 2022

Proposal/Summary

An application has been received requesting permission to keep three (3) dogs on the property on 98 Mitchell Street Cunderdin.

Background

It is a requirement of the Shire of Cunderdin Dogs Local Law 2015 that the maximum number of dogs that can be kept on a premise within a townsite is two (2) unless an exemption is granted by Council under the provisions of section 26(3) of the *Dog Act 1976* (as amended).

Application (Attachment 9.8.1) was received from Penny Bloodworth and Perry Jasper on Thursday 8th September 2022 to keep three (3) dogs at their property.

The applicants have had three dogs at the property for several years and have advised Council that they submitted an application to keep three dogs in November 2020, however this application has not been able to be located by the Shire.

The applicants third dog (Toby) has recently been involved in an incident where it bit a child on it's rear while the child was walking on the verge outside their property. The dog is normally kept inside the yard and usually wears an electronic perimeter collar, however it was not wearing the collar at the time of the attack.

The dog was seized at the time of the attack and is currently being held by WA Contract Ranger Services.

The applicants wish to have the dog, Toby, returned and permitted to house three (3) dogs at their property.

Comment

The Ranger, Amber Frankuizen of WA Contract Ranger Services has conducted an investigation into the attack, has spoken to the neighbours and inspected the property to ascertain its suitability to house three dogs.

In summary, the Rangers Report (Attachment 2) states the following:

1. That there have not been any incidents with the dogs in the past,
2. The neighbours, including the one whose nephew was attacked did not have any concerns with Toby returning or the applicants having three dogs.
3. The property is suitable to keep three dogs.
4. The applicant has committed to improving the fencing.
5. If approved the dog (Toby) is required to wear an aided collar for boundary recognition at all times.

All three dogs are currently registered with the Shire of Cunderdin. There have not been any issues with the other two dogs.

The applicant has advised they are willing to work with a dog behaviourist and will also improve the fencing at her property.

The size of 98 Mitchell St is 2,083m² which is more than adequate to keep three dogs.

The applicants property has adjoining neighbours at 96 Mitchell St and 102 Mitchell St both are occupied. The properties across the road and to the rear are all vacant land.

Should Council be in favour of granting an exemption it may be appropriate for certain conditions to be imposed to provide an opportunity for the exemption to be revoked or varied, in accordance with the provisions of the *Dog Act 1976*, as mentioned above.

Proposal/Summary

To provide an update on the matters the Chief Executive Officer has been addressing over the past month.

Background

Local Roads and Community Infrastructure Program Projects

Phase 3

O'Connor Park

Contractor has been appointed and work has commenced on the project. The project is expected to be completed in March 2023.

Meckering Earthquake Memorial Garden

The Request for Quote for the works is nearly completed which includes the planning and design of the design of the project. The Requests for Quotes will be called for in the near future.

Cunderdin Golf Club – Shed

The Golf Club has been advised of the funding and has commenced planning.

Gliding Club – Ablutions

The Gliding Club is obtaining quotes to complete the works. Once this is completed the Shire will meet with the Club to discuss the works and project management options.

Meckering Apex Park

The Meckering Action Group decided not to proceed with the redevelopment of the APEX park, opting to wait for the stage 3 redevelopment of Meckering concept plan. With the LRCI funding allocated to the project (\$20 000), we are planning to fence the front access of the playground and if budget allows provide a shade structure over the picnic area.

Tennis Club – Installation of the Soft Fall.

Completed

Cunderdin Sport and Recreation Club - Blinds

Completed.

Community Emergency Services Manager (CESM)

Interviews for the position of CESM will be conducted on Monday 17th October in Quairading. The interviews will be conducted by the Chief Executives of Cunderdin, Quairading and Tammin Shires and a representative from the Department of Fire and Emergency Services.

Until a CESM has been appointed the Shire has made arrangements within its existing operational structure to manage the role. The Bush Fire Advisory Committee (BFAC) will be notified of these arrangements at the BFAC Meeting to be held on the 18th October 2022.

Cunderdin Industrial Lot Development

Development WA have appointed a suitably qualified person to conduct a Heritage Survey on the proposed industrial lots. This will comprise of a site dig and an ethnological site visit. These will occur in late October early November.

The planner has nearly completed the designs that are required to be lodged with the WAPC to approve the subdivision.

Cunderdin Town Hall

Corrective works on the Cunderdin Town Hall are scheduled to commence on the 14 November 2022. The scope of works include:

Internal Works

- Supply and install alcor damp membrane treatment to internal walls as mark up plan provided.
- Remove and reinstate single layer of bricks at floor level as required.
- Make good render and tiles on completion.
- No allowance to repaint affected surfaces

External Works

- Rake out and repoint deteriorated brick joints with lime based mortar to side elevation as mark up plan provided.
- Remove and replace badly fretted individual bricks (maximum 60no) to side elevation as mark up plan provided.
- Replace damaged air bricks to side elevation as required to match existing.

Cunderdin Sport and Recreation Club Telephone Line

The Cunderdin Sport and Recreation Club (CSRC) have advised Council that they no longer require a fixed telephone line into the building and are planning on disconnecting the service.

The CSRC building is used as an Emergency Accommodation in the case of an incident in which people are rehoused or evacuated. The building may also be used as a base of operations in an emergency.

It is imperative that the building continue to have a fixed land line in this case as mobile telephone reception in an emergency has proved on many occasions to be unreliable.

It is intended to advise the CSRC to maintain the fix telephone line into the building and the Shire will pay any line rental and associated costs.

Meckering Club Disabled Ablution Block and Bowling Green

Discussions are taking place with the Meckering Club regarding the transportable disabled toilet block that is being installed at the Meckering Club. Quotes have been requested and the project will commence when the final design is approved by both the Shire and the Club.

The Club has requested that a shower be included in the building. The Shire has advised the Club that if it requires a shower the Meckering Club will be required to meet the difference in cost between the stand alone toilet and a toilet/shower.

Quotes have been sought for corrective works at the Meckering bowling green. This will include replacing worn and mouldy sections of the surrounds and attempting to fix a significant crack in the base layer of the green.

The contractor has advised that the corrective works to the crack are not guaranteed. The Meckering Bowling Club have been involved in the process and are aware of the works being

Local Government Election Transition Arrangements

In July 2022, the State Government announced the final package of proposed local government reforms.

As part of the reforms new requirements will be introduced to provide for:

The introduction of optional preferential voting;

Directly elected Mayors and Presidents for band 1 and 2 local governments;

Councillor numbers based on population; and

The removal of wards for band 3 and 4 local governments.

The Amendment Bill is ongoing and expected to be introduced in early 2023, the Minister will be advising WA's local governments of the reforms and the impact on the 2023 ordinary local government elections.

The advice outlines two approaches.

Firstly, local governments can commence a ward and representation review now, with a view to gazetting the changes in time for the elections. Submissions need to be made to the Local Government Advisory Board by 14 February 2023.

Alternatively, local governments may choose the reform pathway, which may involve the following:

- all wards (if applicable) being abolished
- the number of positions set at the maximum allowed under the reforms (including a directly elected mayor/president if required)
- a directly elected mayor or president (if applicable).

Under this option, local governments will be able to conduct a ward and representation review after the election to re-introduce wards (applicable to band 1 and 2 local governments).

Local governments are required to advise the Department of Local Government, Sport and Cultural Industries (DLGSC) of their intended option by 28 October 2022.

The Amendment Act will also provide that optional preferential voting will apply for all local government elections. As you may know, optional preferential voting means that all electors have the choice to number preferences for as many or as few candidates as they wish to.

As the Shire of Cunderdin has commenced a representation review it is recommended that the Shire continue to proceed in this manner.

13.2 Proposed RAV Upgrade

Attachment/s:	13.2.1 Attachment 13.2.1 - Access Route Assessment Form Application & Road Owner Support To Add or Amend Attachment 13.2.2 - Map of Proposed Road Attachment 13.2.4 - RAV Benefits

Proposal/Summary

Council is requested to consider the proposed RAV upgrade of the Shire of Cunderdin's Road network as detailed below:

Background

Heavy Vehicle Services (HVS) has received an application to add the following section of roads onto the Restricted Access Vehicle (RAV) Network RAV N7.3:

Dimension Requirements					
Road No.	Road Name	From Location (SLK)	To Location (SLK)	Current Network	Requested Network
4060167	Dunlop St	Loton Rd & Richardson St (SLK 0.17)	Loton Rd & Richardson St (SLK 0.17)	Tandem Drive Networks 6	Tandem Drive Networks 7
4060004	Quellington Rd	Great Eastern Hwy (SLK 0.00)	Moore Rd (SLK 1.90)	Tandem Drive Networks 6	Tandem Drive Networks 7
4060012	Moore Rd	Quellington Rd (SLK 0.00)	Fleay Rd (SLK 10.52)	Tandem Drive Networks 4	Tandem Drive Networks 7
4060157	Fleay Rd	Coleman Rd 4060010 (SLK 4.46)	Moore Rd (SLK 9.04)	Tandem Drive Networks 4	Tandem Drive Networks 7
Mass Requirements					
Road No.	Road Name	From Location (SLK)	To Location (SLK)	Current Mass Level	Requested Mass Level
N/A	N/A	N/A	N/A	N/A	N/A

* Operation is not permitted while the school bus is operating on the road. Operators must contact the relevant schools and obtain school bus timetables; or where direct contact can be made with the school bus driver, operation is permitted once the school bus driver confirms all school drop-offs/pick-ups have been completed on the road.

The applicant has advised Main Roads the requested RAV Network 7 access is for Agriculture Haulage. If the road is deemed unsuitable to be added to the relevant RAV network when assessed it may be considered for a Restricted Local Access Permit (RLAP). This permit is for individual access to a road with a specific combination and with suitable conditions to mitigate any risk.

Comment

Main Roads HVS have asked if the Shire will support amending the classification of this road under the Restricted Access Vehicle (RAV) Network.

For the process to move ahead the Shire will need;

- To support having the road assessed with the view to upgrading the RAV classification of these roads; or
 - Decline the request
1. If the Shire is in favour of supporting the request, HVS will assess the mentioned road and a condition report will be sent to the Shire on its findings.

2. If the road is suitable and is to the RAV requirements it then will be added to the network as per the requested RAV rating.
3. Any road that requires maintenance or works will not be added to the network until the condition of the road is to the requirements of the assessment. (Noting that either the applicant or the shire will need to get the road to the required standard) for it to be upgraded to the RAV rating.

Any upgrade will require increased on-going maintenance.

Craig Robertson, Manager of Works and Services has provided below comment on the conditions of the roads:

- Dunlop Street: Has current listing on the Tandem Drive Network 7.3 as it is the access road to CBH.
- Quellington Road: It is considered that this could be suitable for RAV 7.
- Moore Road: It is considered that this could be suitable for RAV 7.
- Fleay Road: It is considered that this could be suitable for RAV 7.
