#### 9.4 RSPCA WA Pet Sterilisation Program

<b>Location:</b>	Shire of Cunderdin
<b>Applicant:</b>	Administration
<b>Date:</b>	5 <sup>th</sup> February
<b>Author:</b>	Emma McMiles
<b>Item Approved by:</b>	Stuart Hobley, Chief Executive Officer
<b>File Reference:</b>	Nil
<b>Attachment/s:</b>	1 x Attachment

#### **Proposal/Summary**

For Council to review the correspondence received from RSPCA WA regarding their Pet Sterilisation Program. RSPCA WA are seeking partnership with the Shire of Cunderdin as part of their innovative pilot. They are also seeking support in the form of the Shire offering free lifetime registration to those pet owners who participate in the Pet Sterilisation Program.

#### **Background**

Correspondence was received via email on the 17<sup>th</sup> March 2022, regarding Pet Sterilisation Program.

The RSPCA advised that they are launching a pilot Pet Sterilisation program, which offers reduced sterilisation costs, free microchipping and (where supported by the Local Government) lifetime pet registration for pet owners who hold a WA Seniors Card, Pensioner Concession Card or Health Care Card.

Sterilisation and microchipping are carried out by veterinary practices whom RSPCA WA is partnering with to deliver these services to the community.

The program claims to:

- Help community members meet requirements to register and sterilise their pets.
- Support local veterinary business.
- Enable those experiencing financial hardship to better care for their pets.
- Assist cat owners to comply with the Cat Act 2011.
- Assist dog owners to comply with sterilisation requirements introduced under the Dog Amendment (Stop Puppy Farming Bill 2021), at a reduced cost when the Bill becomes law.
- Reduce local government workload by reducing number of unwanted litters and, consequently, the number of strays and incoming animals in local pounds.

#### **Comment**

The majority of pet owners within the Shire are extremely responsible. This program is aimed at those who may not have the means to sterilise and microchip their pets.

In theory, the program will reduce the number of stray cats and dogs within the Shire and will make it easier to determine the owners of lost pets.

It will however reduce the amount of fees received each year for the registration of dogs and cats.

### **Proposal/Summary**

For Council to note the results of the Risk Dashboard review of the Risk Management Governance Framework.

### **Background**

The Shire of Cunderdin Risk Management Policy in conjunction with the components of the Shire of Cunderdin Risk Management Framework sets out the Shire's approach to the identification, assessment, management, reporting and monitoring of risks. All components of the Shire of Cunderdin Risk Management Framework are based on AS/NZS ISO 31000:2018 risk Management – Guidelines.

The Risk Management Framework is to be reviewed for appropriateness and effectiveness at least every three years.

The Shire of Cunderdin endorsed the Risk Management Framework at the Ordinary Council Meeting in October 2022, with the following resolution;

#### **Resolution 9.12 OCM OCTOBER 2021**

*That Council endorses the Shire of Cunderdin Risk Management Framework.*

### **Comment**

The Framework is a comprehensive overview of how the Shire identifies risks that are likely to impact the operations of the Shire and reflect the appropriateness and effectiveness of the Shire's systems in regard to risk management, internal control and legislative compliance.

The Local Government (Audit) Regulations 1996 prescribes the requirements for local governments in relation to the engagement of auditors, the annual compliance Audit Return and the functions of the Audit Committee.

The amendments extend the responsibilities of the Audit Committee and Chief Executive Officer of the local government in relation to the reviewing and reporting of the local government's systems and procedures in regard to risk management, intern control and legislative compliance.

The Risk Management Framework, developed by LGIS, is in response to the requirements of Reg. 17 of the Local Government (Audit) Regulations 1996 and encapsulates those requirements.

A review had been completed on the Shire's systems in relation to risk management, internal control and legislative compliance and considers that they are appropriate and effective with the exception of those identified on the attached Dashboard Report.

The key controls that presented as Inadequate when the review was completed are as follows;

**Asset Sustainability Practices**

- Most assets photographed – this process has commenced

**Business & Community disruptions**

- Generator
- I.T. Disaster Recovery Plan – This was included as part of the IT Tender completed in 2021.
