## Afternoon Tower Owners

I am pleased to advise that all towers and containers are now completed at all sites in this project.

Our technicians are now finalising the commissioning of all radios and equipment and completing all the fit-out inside each of the containers. This takes around a month, hopefully sooner with any luck.

Once the towers are fully operational, we test them for around a week to iron out any potential 'glitches' to ensure that the connections are seamless between the towers.

I anticipate that within the next month, our friendly admin team will contact each of you to confirm your requirements in relation to the free services offered as part of the land access agreement.

Should you have any queries at all, please do not hesitate to contact our friendly office team on 6809 2100,

or by return email to me.

We look forward to working with you as we bring greater connectivity opportunities to our community.

Kind Regards

Heidi
