1. Play Our Way program grant opportunity processes

The Play Our Way program is designed to achieve Australian Government objectives

This grant opportunity is part of the above grant program which contributes to the department's Outcome 4. The department works with stakeholders to plan and design the grant program according to the [Commonwealth Grants Rules and Guidelines](#) (CGRGs).

The grant opportunity opens

We publish the grant opportunity guidelines on [GrantConnect](#).

Stage One - Expression of Interest (EOI)

Stream 1: Facilities

You complete and submit an EOI

You complete the EOI form, addressing all Stage One eligibility and assessment criteria in order for your application to be considered.

We assess all EOIs

We assess all EOIs against eligibility criteria. An Assessment Committee will assess applications against the EOI assessment criteria and recommend to the Decision Maker which EOIs should be invited to submit a Stage Two grant application. The Decision Maker then makes a decision on which projects can progress to Stage Two.

We notify you of the outcome

We advise you of the outcome of your EOI.

Stage Two – Grant Application

Stream 2: Participation and Equipment and Successful EOIs from Stream 1

You complete and submit a grant application

You complete the Application Form and address all of the eligibility and assessment criteria to be considered for a grant.

We assess all grant applications

We assess the applications against eligibility criteria. An Assessment Committee will assess your eligible application against the assessment criteria including an overall consideration of value with money and compare it to other applications.

We make grant recommendations

The Assessment Committee provides recommendations to the Decision Maker on the merits of each application.

Grant decisions are made

The Decision Maker decides which applications are successful.

We notify you of the outcome

We advise you of the outcome of your application. We may not notify unsuccessful applicants until grant agreements have been executed with successful applicants.

We enter into a grant agreement

We enter into a grant agreement with you if successful. The type of grant agreement is based on the nature or complexity of the grant and will be proportional to the risks involved.

Delivery of grant

You undertake the grant activity as set out in your grant agreement. The Community Grants Hub manage the grant by working with you, monitoring your progress and making payments.

Evaluation of the grant opportunity

We evaluate your specific grant activity and the grant opportunity as a whole. We base this on information you provide to us and that we collect from various sources.

1.1 Introduction

These guidelines contain information for the *Play Our Way* grant opportunity.

You must read these guidelines before filling out an application.

This document sets out:

- the purpose of the grant program/grant opportunity
- the eligibility and assessment criteria
- how grant applications are considered and selected
- how grantees are notified and receive grant payments
- how grantees will be monitored and evaluated, and
- responsibilities and expectations in relation to the opportunity.

2. About the grant program

On 19 August 2023, the Prime Minister; Minister for Finance, Women and the Public Service; and Minister for Aged Care and Sport announced the \$200 million¹ *Play Our Way* program (the program) to promote equitable access, build more suitable facilities, and support grassroots initiatives to engage women and girls² in sport and physical activity throughout their lives.

The design of the *Play Our Way* program has been assisted by experts across sport and government, inclusive of an Advisory Panel who have lived experience navigating community sport through to professional sport, supporting *Play Our Way* to address discrimination and inequality and invest in the most needed facilities and programs in the most needed areas.

The media release is available at <https://www.health.gov.au/ministers/the-hon-anika-wells-mp/media/securing-a-sporting-legacy-for-women-and-girls>.

¹ \$200 million includes Government administration costs.

² See glossary for the inclusive approach to the phrase 'women and girls' intended in these guidelines.

The program contributes to the Department of Health and Aged Care's Outcome 4: Sport and Physical Activity, Program 4.1: Sport and Physical Activity.

The *Play Our Way* program will run over three years from 2024-25 to 2026-27.

The objectives of the program are to:

- build and upgrade sport and physical activity facilities to better meet the needs of women and girls, and prioritise equitable and enduring access and use of these facilities for the purposes of women and girls' participation in sport and physical activity
- foster positive experiences for women and girls through quality sport and physical activity participation initiatives, including equipment, that are modern, inclusive, welcoming, safe³, and tailored to the needs of women and girls, including those experiencing intersectional disadvantage⁴
- provide enduring programs and initiatives that address barriers for women and girls to participate in sport and physical activity and build a culture of equality, respect and inclusion in sport and physical activity
- address discrimination and inequality that women and girls encounter and provide opportunities to participate in, contribute to, and remain involved in, all aspects of sport and physical activity for life.

The intended outcomes of the program are to decrease the discrimination and inequality women and girls experience through:

- improved sport and physical activity facilities and equipment that are safe, modern, and tailored to meet the needs of women and girls, in the areas where the need is greatest
- increased and sustained access, satisfaction and use of facilities for sport and physical activity that follow universal design principles (including inclusivity and accessibility) for women and girls
- increased participation, retention, engagement and sense of belonging of women and girls in sport and physical activity in the community, with a focus on priority populations⁵, and addressing intersectional disadvantage
- successful delivery of safe, inclusive, quality and sustainable programs and initiatives that promote the engagement of women and girls in sport and physical activity; and create new and innovative opportunities for the community to come together through women and girls' involvement in sport and physical activity.

The program will complement and strengthen existing state and territory government activities to improve facilities for sport and physical activity and increased engagement of women and girls in sport and physical activity; and will not duplicate existing Australian Government-led community infrastructure and participation programs.

We administer the program according to the [Commonwealth Grants Rules and Guidelines \(CGRGs\)](#).

³ See glossary for definition of 'safe'.

⁴ See glossary for definition of 'intersectional disadvantage'.

⁵ See glossary for definition of 'priority populations'.

2.1 About the grant opportunity

The grant amount will be up to 100 per cent of total project costs (noting that co-contributions will provide additional funding to whole-of-project costs), up to the maximum grant amount and only for eligible expenditure. Whilst no minimum co-contribution is required, co-contribution and consortium arrangements are strongly encouraged and, in most instances, required for larger-scale projects, and will be viewed favourably during the grant assessment process.

6. The assessment criteria

Applicants should detail how their proposal provides value for money and will result in enduring change for women and girls facing barriers to participation in sport and physical activity, particularly those in priority populations who:

- are First Nations peoples
- are culturally and linguistically diverse
- have a disability
- reside in regional, rural and remote areas ([MMM3-7⁹](#))
- reside in a low socioeconomic area and/or
- identify as belonging to the LGBTIQ+ community.

In making recommendations for funding the assessment panel will consider how priority populations are represented, including at a whole-of-program level. Sections 6.1 to 6.3 provide further detail on assessment criteria.

6.1 Stream 1: Facilities: Stage One – Expression of Interest

The application form to submit an EOI will ask you a series of questions about your organisation and proposal.

You must also address the following assessment criteria in your EOI. All criteria below are weighted equally.

The amount of detail you provide in your EOI should be relative to the project size, complexity and grant amount requested. The application form displays size limits for answers.

⁹ The Modified Monash Model (MMM) is how we define whether a location is metropolitan, regional, rural, remote or very remote. See, for example: <https://www.health.gov.au/topics/rural-health-workforce/classifications/mmm>.

Stage One EOI applications that are assessed as having addressed the assessment criteria and score average or higher for each criterion will be considered for shortlisting to proceed to the Assessment Committee. The Assessment Committee will then conduct a merit ranking to provide a recommendation on who to proceed to Stage Two (see Section 8 of these guidelines for the Grant Selection Process). The Decision Maker will approve the organisations invited to submit an application under Stage Two where you will be asked to provide more detailed responses and evidence to support your Stage One application.

EOI Assessment Criterion 1: What is your project purpose and how much will it cost? [3500 character limit]

Briefly describe the project that is the subject of your EOI application.

In responding to this criterion, a strong application will provide:

- a description of the proposed works – noting that plans/detailed proposals are not required for this Stage One EOI
- the geographic location and a description of the proposed site
- evidence of tenure over the proposed premises/site (where available) or details of the process that will be undertaken to secure tenure
- if funds are sought for replacement infrastructure, provide details of the existing facility, including when it was built, and the reasons for seeking its replacement.

Along with your EOI application you must complete the indicative activity budget (template on GrantConnect) outlining the anticipated costs of the project. The indicative activity budget does not count towards the word/character limit for this criterion. Other required attachments can be found in 7.2.1.

EOI Assessment Criterion 2: Why is your project needed? [3500-character limit]

Demonstrate how your Organisation and the proposed project will improve and sustain equitable access and participation of women and girls in sport and physical activity in your community/communities.

In responding to this criterion, a strong application will detail:

- the population for which services are provided that will benefit from this project (for example, the local population of women and girls disaggregated by priority populations)
- the current infrastructure related issues that discriminate and create barriers to attracting and retaining women and girl participants
- why this project is considered the best option to address local need and how this need has been assessed.

EOI Assessment Criterion 3: Why you believe your organisation should get funded to deliver this project [3500 character limit]

Demonstrate how the proposed project is an efficient use of grants funds in achieving grant opportunity outcomes.

In responding to this criterion, a strong application will detail:

- why grant funding is necessary for the project to be delivered
- why you are the best-placed organisation to lead this project, including evidence of community support, such as endorsement and engagement with local entities, and your connection to fostering women and girls' activity

- any co-contributions or cost saving measures you are bringing to the project – whether from reserves or other sources of funding (such as other government grants or sponsorship) or volunteer contributions
- how your organisation has sufficient staffing and/or access to other resources to identify and manage key risks, undertake the proposed work and deliver this project for a sustained benefit.

6.2 Stream 1: Facilities: Stage Two – Grant Application

Applications for Stage Two are by invitation only, based on your Stage One EOI application.

If invited to submit an application under Stage Two, you must address the following assessment criteria in your grant application. These require more detail than provided in your EOI and you will be asked to provide evidence to support your answers.

You must address all of the following assessment criteria in the application. All criteria have equal weighting.

The amount of detail and supporting evidence you provide in your application should be relative to the size, complexity and grant amount requested.

The application form includes character limits.

We will only award funding to applications that score Average/Good/Excellent against all assessment criteria, in the first instance (see Section 8.2.1).

Assessment Criterion 1: Alignment with grant opportunity objectives [6000 character limit]

Describe how the grant activity contributes to the objectives and outcomes of the grant opportunity as described in Section 2 – About the Program. You should demonstrate this through identifying:

7.3 Joint (consortium) applications

We recognise that some organisations may want to join as a group to deliver a grant activity. In these circumstances, you must appoint a lead organisation. Please note that lead organisations of consortiums cannot submit a separate application.

Only the lead organisation can submit the application and enter into a grant agreement with the department. The application must identify all other members of the proposed group. The lead organisation must have the authority to submit an application on behalf of the group. The grant agreement will outline the lead organisation's obligations with regard to the group members.

The lead organisation must fulfil the eligibility requirements, but it is not a requirement of other members of the group. This is with the exception that all members of the consortium must not be included on the;

- [National Redress Scheme's website](#) on the list of 'Institutions that have not joined or signified their intent to join the Scheme', or
- [Workplace Gender Equality Agency website](#) on the non-compliant list.

If your application is successful, you must have a formal arrangement in place with all parties prior to execution of the agreement in the form of a letter of support.

The department will request copies of each letter of support prior to execution of the grant agreement.

Each letter of support should include:

- details of partner organisation(s)

Where you have multiple letters, they should be scanned together and uploaded as a single attachment.

7.4.3 Late applications

We will not accept late applications unless an applicant has experienced exceptional circumstances that prevent the submission of the application.

Broadly, exceptional circumstances are events characterised by one or more of the following:

- reasonably unforeseeable
- beyond the applicant's control, and/or
- unable to be managed or resolved within the application period.

Exceptional circumstances will be considered on their merits and in accordance with probity principles.

Applicants seeking to submit a late application will be required to submit a late application request via email to Grant.ATM@health.gov.au with "Late Application Request - GO6763" in the subject line, no later than one week after the closing date.

The request should include a detailed explanation of the circumstances that prevented the application being submitted prior to the closing time. Where appropriate, supporting evidence can be provided to verify the claim of exceptional circumstances.

The assessment committee Chair or their appointed representative will determine whether a late application will be accepted. Once the outcome is determined, the department will advise the applicant if their request is accepted or declined.

7.5 Questions during the application process

If you have questions relating to the grant, technical issues or process during the application period, contact Grant.ATM@health.gov.au. The department will respond to emailed questions within five working days.

Questions close at 5.00pm (Canberra time) five business days before the application period closes. This allows a reasonable period for the department to respond with information that applicants can consider for their application. The department will continue to assist with technical related enquiries regarding the submission of applications beyond the question close deadline.

Requests for clarification may form the basis of a response that will be posted on the [GrantConnect](#) website in the Frequently Asked Questions document relating to this grant opportunity. All questions will be de-identified. Registered applicants will be notified of updates to the documents via email from the GrantConnect website.

The department cannot assist you to address assessment criteria, determine eligibility or complete your application.

8. The grant selection process

8.1 Assessment priorities

The following will be favourably considered during assessment where relevant data, demographic detail, evidence and documentation are provided.

Projects that:

- demonstrate local need and how the grant activity will deliver outcomes to the people and in the places with the greatest need (e.g. priority populations)

- use the latest research and evidence for creating welcoming and inclusive spaces for women and girls
- support broader equity goals, including across leadership and employment in organisations (for example, growing the proportion of women involved in leadership and delivery of programs, First Nations employment)
- include a co-contribution(s) to the total project costs by the eligible organisation or other funding sources (e.g. state or territory or local government grants)
- will have direct and enduring impact on women and girls' access to and participation in sport and physical activity (for example, a sustained increase in participation numbers or demonstration of how funding would address a lack of capacity or circumstances which limit increasing access to participation)
- are advanced in planning and obtaining the required development and building approvals to complete the proposed project.

Organisations that can:

- demonstrate evidence of a commitment to, and/or progress towards broader systemic changes that aim to:
 - achieve gender equality
 - enhance the inclusion of all women and girls, and
 - foster a safe and welcoming environment for all women and girls
- demonstrate an existing connection to, and understanding of, the target population of women and girls, or partner with an organisation that does. For example:
 - child safe organisations
 - cultural organisations, and
 - Aboriginal Community Controlled Organisations
- Commitment to engaging with women and girls in project design and delivery
- Demonstrate completion of relevant modules from the Australian Sports Commission's [Game Plan platform](#) (for example, one focused on women and girls).

8.2 Assessment of grant applications

8.2.1 Stream 1: Facilities: Stage One – EOI

For Stream 1 you first submit an EOI. We review your EOI against the eligibility criteria in Section 4 of these guidelines. Only eligible applications will move to the next stage of assessment.

We will then assess your application against the EOI assessment criteria (see Section 6.1) using a 10-point numerical scoring scale (Table 6 below). We consider your application on:

- how well your application meets the criteria
- how it compares to other applications, and
- whether your application provides value with relevant money.¹⁸

We will rate your application using the Assessment Criteria Scoring Matrix.

¹⁸ See Glossary for the definition of 'relevant money'.

Table 6: Assessment Criteria Scoring Matrix

Rating (for individual criterion)	Score
Excellent – response to this criterion, addresses all criterion including all sub-criteria, provision of data, evidence and documentation that exceeds expectations.	9-10
Good – response to this criterion, addresses all or most sub-criteria to a higher-than-average standard.	7-8
Average – response to this criterion, meets most sub-criteria to an average but acceptable level.	5-6
Poor – poor claims against this criterion but may meet some sub criteria.	2-4
Does not meet criterion at all – response to this criterion does not meet expectations or, insufficient or no information provided to assess this criterion.	0-1

A score out of 10 will be applied to each of the 3 EOI assessment criteria. A total of 30 is the highest score any application can receive.

Only applications that score Average or above against each of the 3 EOI assessment criteria (based on the above rating scale) will be shortlisted for consideration by the assessment committee who will make recommendations to the delegate on who to invite to apply for Stage Two.

8.2.2 Stream 1: Facilities: Stage Two – Grant Application

Applications for Stage Two are by invitation only, based on your Stage One EOI application. If invited to, you submit a grant application. We will assess that application against the assessment criteria at Section 6.2 using a 10-point numerical scoring scale (Table 6 above) and compare it to other applications. When assessing the extent to which the application represents value with money¹⁹, we will have regard to:

- the overall objective/s to be achieved in providing the grant
- the extent to which the evidence in the application demonstrates that it will contribute to meeting the outcomes/objectives
- the relative value of the grant sought
- the extent to which the geographic location of the application matches identified priorities, and
- how the grant activities will target groups or individuals, where there is the greatest need (e.g. priority populations).

8.2.3 Stream 2: Participation and Equipment

You submit a grant application for Stream 2. We will assess that application against the assessment criteria at Section 6.3 using a 10-point numerical scoring scale (Table 6 above)

¹⁹ See Glossary for the definition of 'value with money'.

and compare it to other applications. When assessing the extent to which the application represents value with money²⁰, we will have regard to:

- the overall objective/s to be achieved in providing the grant
- the extent to which the evidence in the application demonstrates that it will contribute to meeting the outcomes/objectives
- the relative value of the grant sought
- the extent to which the geographic location of the application matches identified priorities, and
- how the grant activities will target groups or individuals, where there is the greatest need (e.g. priority populations).

8.3 Who will assess applications?

The department will establish an assessment team to review applications against the eligibility criteria and assessment criteria. An assessment committee will be established to conduct a merit ranking and value with money assessment.

The assessment team and the assessment committee will be made up of staff within the Office for Sport Division of the department and may include personnel from other areas of the department and from outside of the department, as appropriate.

We may ask external experts/advisors to inform the assessment process, including the Play Our Way Expert Advisory Panel. Any expert/advisor, who is not a Commonwealth Official, will be required/expected to perform their duties in accordance with the CGRGs.

The assessment committee may seek additional information about you or your application. They may do this from within the Commonwealth, even if the sources are not nominated by you as referees. The assessment committee may also consider information about you that is available through the normal course of business.

The assessment committee recommends to the Decision Maker which Stream 1 EOIs are to progress to Stage Two, and which applications to approve for grant funding. Whole or partial funding may be recommended.

8.4 Who will approve grants?

The Secretary, Department of Health and Aged Care (the Decision Maker) decides which Stream 1 EOIs are to progress to Stage Two and which grant(s) across both Streams to approve taking into account the recommendations of the assessment committee and the availability of grant funds for the purposes of the grant opportunity.

The Decision Maker's decision is final in all matters, including:

- the approval of the grant
- the grant funding amount to be awarded, and
- the terms and conditions of the grant.

There is no specific appeal mechanism established for decisions to approve or not approve an application for the grant opportunity.

²⁰ See Glossary for the definition of 'value with money'.

9. Notification of application outcomes

We will advise you of the outcome of your application in writing. If you are successful, we will advise you of any specific conditions attached to the grant.

We will publish general feedback relating to this grant opportunity on the Department of Health and Aged Care website <https://www.health.gov.au/topics/sport> within 30 days of the outcome being finalised.

10. Successful grant applications

10.1 The grant agreement

You must enter into a legally binding grant agreement with the Commonwealth. We use the whole-of-government grant agreement templates in this program and will select the most appropriate depending on the size and complexity of your grant activities.

Each agreement has general terms and conditions that cannot be changed. Sample grant agreements are available on the [Department of Finance's website](#). We will use a schedule to outline the specific grant requirements.

We must execute a grant agreement with you before we can make any payments. We are not responsible for any of your expenditure until a grant agreement is executed. If you choose to start your grant activities before you have an executed grant agreement, you do so at your own risk. You must not start any grant activities until a grant agreement is executed.

Your grant agreement may have specific conditions determined by the assessment process or other considerations made by the Decision Maker. We will identify these in the agreement.

The Commonwealth may recover grant funds if there is a breach of the grant agreement.

You will have 20 days from the date of a written offer to execute this grant agreement with the Commonwealth ('execute' means both you and the Commonwealth have signed the agreement). During this time, we will work with you to finalise details.

The offer may lapse if both parties do not sign the grant agreement within this time. Under certain circumstances, we may extend this period. We base the approval of your grant on the information you provide in your application.

You may request changes to the grant agreement. However, we will review any required changes to these details to ensure they do not impact the grant as approved by the Decision Maker.

10.2 Specific legislation, policies and industry standards

Whilst you are required to be compliant with all relevant laws and regulations, you may be requested to demonstrate compliance with the following legislation/policies/industry standards:

10.2.1 Stream 1: Facilities

- [Australian Government Building and Construction WHS Accreditation Scheme \(WHS Scheme\)](#).

Where the Australian Building Code or WHS Accreditation Scheme applies, an accredited builder must undertake construction activity as specified under the Australian Building Code and WHS Accreditation Scheme.

10.2.2 Stream 2: Participation and Equipment

- Commonwealth Child Safe Framework
- Annual police checks
- Working With Vulnerable People checks
- Working with Children Check

To be eligible for a grant, you must declare in your application that you comply with these requirements.

You will need to declare you can meet these requirements in your grant agreement with the Commonwealth.

The grant agreement will include a clause on child safety which binds your organisation to implement the National Principles for Child Safe Organisations and other actions for the safety of children. More information is available at: [National Principles for Child Safe Organisations | National Office for Child Safety](#).

10.2.3 The Multicultural Access and Equity Policy

The Australian Government's [Multicultural Access and Equity Policy](#) obliges Australian Government agencies to ensure their policies, programs and services - including those provided by contractors and service delivery partners – are accessible to, and deliver equitable outcomes for, people from culturally and linguistically diverse (CALD) backgrounds.

Grant applicants should consider how they will ensure their services will be accessible to people from CALD backgrounds. For example, service delivery partners may require cultural competency skills. In addition, services, projects, activities or events may require the use of professional translating or interpreting services in order to communicate with clients who have limited English proficiency.

10.2.4 Commonwealth Child Safe Framework

The Royal Commission into Institutional Responses to Child Sexual Abuse highlighted the need for organisations to adopt child safe practices including appropriate screening of staff, mandatory reporting and adoption of the National Principles for Child Safe Organisations. The Australian Government committed to a new Commonwealth-wide framework to protect children and young people it is responsible for – the [Commonwealth Child Safe Framework \(CCSF\)](#).

The Australian Government is considering appropriate ways to apply the requirements of the CCSF to grant recipients. A child safety clause will be included in a grant agreement where the Commonwealth considers the grant is for:

- services directly to children, and/or
- activities that involve contact with children that is a usual part of, and more than incidental to, the grant activity.

A child safety clause may also be included in the grant agreement if the Commonwealth considers the grant activity involves children more broadly.

The successful applicant will be required to comply with all child safety obligations included in the grant agreement or notified to the successful applicant prior to execution of the grant agreement.

Irrespective of the child safety obligations in the grant agreement, you must always comply with your state and territory legislative requirements for working with children and mandatory reporting.

10.2.5 National Redress Scheme

The [National Redress Scheme](#) for Institutional Child Sexual Abuse Grant Connected Policy makes non-government institutions named in applications to the Scheme, or in the Royal Commission into Institutional Responses to Child Sexual Abuse that do not join the Scheme, ineligible for future Australian Government grant funding. The National Redress Scheme Grant Connected Policy came into effect on 1 January 2021.

10.2.6 Workplace Gender Equality Act 2012

The Australian Government has a commitment to effectively support cultural change in Australian workplaces and drive improved gender equality outcomes. Requirements have been implemented for fairer and more consistent measures to ensure the Government deals with organisations who comply with the [Workplace Gender Equality Act 2012](#) (the WGE Act).

Applicants may need to satisfy a requirement to be compliant with the WGE Act.

Applicants with 100 or more employees who are registered with the Workplace Gender Equality Agency (WGEA) and have been issued with a compliance letter are eligible to apply for a grant.

Applicants with 100 or more employees who are not registered with WGEA will need to register to be issued with a compliance letter prior to applying for a grant.

Applicants with less than 100 employees across their entire structure are not required to submit a report to WGEA; however, you are required to complete the registration form on the login page of the [WGEA Portal](#). WGEA will use the details provided in the registration form to issue your organisation with a tender letter, which must be attained prior to applying for a grant.

For your grant application to be deemed compliant:

- your organisation must not be included on the WGEA website on the non-compliant list, or
- you must be able to provide your compliance or tender letter to the department if and when requested.

If you are unable to provide your compliance or tender letter and appear on the non-compliant list, you will be deemed non-compliant and withdrawn from the grant process.

More information regarding reporting requirements can be found at the [Workplace Gender Equality Agency website](#).

10.3 How we pay the grant

The grant agreement will state the:

- maximum grant amount to be paid
- proportion of eligible expenditure covered by the grant (grant percentage)
