Proposal/Summary

The financial reports as at 31 July 2025 and 31 August 2025 are presented for the Council's consideration.

Background

The *Local Government (Financial Management) Regulations 1996* require a statement of financial activity to be prepared each month and prescribe the contents of that report and accompanying documents. The report is to be presented at an Ordinary Council Meeting within two months after the end of the month to which the report relates.

Comment

The reports are presented prior to the completion of all 2024/2025 year-end adjustments and audit processes and as a result, the opening balances contained in the statement of financial activity are preliminary and may be subject to change as part of the finalisation of the annual financial statements.

Proposal/Summary

For Council to receive September 2025 Bush Fire Advisory Committee (BFAC) Minutes, Meckering Bush Fire Brigade (BFB) Annual General Meeting (AGM) Minutes, Cunderdin and Ygnattering Bush Fire Brigade AGM Minutes, and to consider the recommendations contained within.

Background

BFAC is an advisory committee of Council formed under Regulation of the *Bush Fires Act 1954*, the BFAC meets twice a year, once pre-season, and another post season.

Copies of the minutes for the BFAC Minutes, Cunderdin and Ygnattering BFB AGM and Meckering BFB AGM are located in the attachments.

Comments

Extensive discussions were held on agenda items which resulted in the meeting requesting that Council receive and consider the motions and recommendations carried by the BFAC members.

Burning Restrictions

It is common practice for burning restrictions to be put in place over the Easter public holiday period. The dates of Easter 2026 fall from Friday 3rd April to Monday 6th April, which is in the Shires open burning period. Section 17 of the *Bush Fires Act 1954* makes provision for Local governments for vary prohibited burning times.

BFAC have requested that Council consider the motion below:

At the BFAC meeting held in April 2025 the following notice of motion was put and carried:

Moved David Beard.

Burning to be restricted on Friday 3rd April, Saturday 4th April and Sunday 5th April 2026.

Seconded: Jeff Snooke.

Carried.

The reason for imposing this burning restriction is for the safety of the community as a whole. Many residents use this long weekend as an opportunity to get away for the weekend which may impact available volunteer numbers.

Bush Fire Exercise/Training

Training on Bush Fire Safety and Awareness and Firefighting Skills held in Meckering Thursday 18th September and Friday 19th September.

Use of "Cunderdin Fire Alerts" WhatsApp messages

At the BFAC meeting held in April 2025 the following notice of motion was put and carried:

The WhatsApp "Cunderdin Fire Alerts" group can be used to notify an intention to burn under permit during the permit season.

Moved: David Beard

Seconded: Jeff Snooke

The intention of this notice of motion was for Fire Control Officers (FCO) to take the proposal back to their brigades for discussion and to involve all members of the BFB in the decision-making process.

FCO's from the Meckering BFB advised that at their AGM held 25th August 2025 the notice of motion was discussed and voted on. Results of the vote were that the Meckering BFB were not in favour of the WhatsApp message service being used to communicate when and where burns under permit are being conducted.

Cunderdin and Ynattering BFB AGM's had not held their AGM prior to the BFAC meeting, and their members had not had an opportunity to discuss the notice of motion. The BFAC decided to put the motion on hold until the other BFB's to have an opportunity to discuss and vote on the motion.

Ygnattering and Cunderdin held a combined AGM on Monday 8th September. The brigades discussed the WhatsApp notification process and motion. These members voted at the meeting and resolved that they were in favour of the WhatsApp messenger service being used when permit holders are conducting their burns during the restricted burning period.

At the conclusion of all three BFB AGM's and the BFAC it is noted that the voting falls in favour of the WhatsApp messenger service being used when permit holders are conducting their burns during the restricted burning period.

Recommendation that Captains of Bush Fire Brigades to also be appointed as Bush Fire Control Officers.

Attached is policy item 5.1 Bush Fire Brigades - Establishment for Council to review.

Recommended amendment to the policy is under the application section where - *Volunteers elected as Captain's of any Shire of Cunderdin Bush Fire Brigade shall also be appointed by Council as a Shire of Cunderdin Fire Control Officer.*

This change to the policy will ensure that functions and systems of the brigades are consistent throughout the Shire.

Policy for use of BFB trucks for community events.

A policy for the use of BFB trucks at community events was presented to the BFAC meeting. A draft of the policy can be found in the attachments.

The intention of the policy is to implement guidelines surrounding use of truck for community events for busy bees etc. Use of the appliances at these events is beneficial for training and public relation purposes. Stipulations in the policy will ensure that the asset is operated by qualified personnel reducing any risk of mechanical failures.

The BFAC meeting was in agreeance with contents of the policy. This policy is presented to Council for consideration in Agenda Item 9.5.

Applications for permit to burn

Burning Permits are currently issued for a period of 7 days. Discussions at the Meckering BFB AGM have resulted in a motion to extend burning permits to a period length of 28 days.

At the Meckering BFB AGM it was discussed to extend the application period from 14 days to 28 days. The reasons sighted for this motion, at both the Meckering BFB AGM and the BFAC meeting, were due to the changes in the Fire Danger Rating parameters it has resulted in the number of days in a seven day period available to burn being very limited and the task of reapplying the permit on a weekly basis is not considered to be time efficient for the Shire administration and the permit applicant.

The following motion was passed at the BFAC meeting:

Motion

That we recommend to the Shire that burning permits can be issued to a maximum of 28 days.

Moved: Jeff Snooke

Seconded: Mal Patton

Carried: 5/1

Discussions held between Shire administration including Community Emergency Services Manager, John Idland, have suggested that moving from a 7 day permit to 28 day period is a significant change and that Council should entertain a less significant time period extension to be from 7 days to 14 days.

Examples of surrounding local government permit periods:

Shire of York 28 days

Shire of Northam 7 days

Shire of Quairading 14 days

The community members affected by this change are majority farmers who use burning as a tool to prepare for seeding.

Wind Strength on Permits

During restricted burning periods of previous seasons, it has come to the attention of administration and fire control officers that permits had been issued stating that burning was prohibited if the wind speed was above 15km/hr.

This has caused a lot of confusion amongst the community. Department of Fire and Emergency services Burn SMART, A planned burning guide for small landholders states that "wind speeds should be less than 20 kilometres per hour."

The following motions was put and carried at the BFAC meeting:

Wind strength on permits to be a maximum of 20 km/hr.

Moved: Jeff Snooke

Seconded: Todd Harris

Carried: 6/0

This will result in landholders being permitted to burn under permit until wind speeds reach 20km/hr. There are a number of other conditions on permits that may cause burning under permit to be prohibited. These conditions are in place for the safety of the community.

Restricted burning periods

The Shire's Restricted Burning Periods were gazetted in June 2021. These current dates are:

Non-Restricted Burning Period

1st April – 19th September (No Permits Required)

Restricted Burning Period

1st October – 1st November (Permits Required)

Prohibited Burning Period

2nd November – 14th February

No Burning Allowed

Restricted Burning Period

15th February – 31st March (Permits Required)

These dates are subject to change in accordance with the Bush Fire Act 1954 legislation.

On September 1, 2022 Western Australia adopted the simplified Australian Fire Danger Rating System (AFDRS) changing from six ratings - Low-Moderate, Moderate, High, Very High, Severe, and Extreme, to four - Moderate, High, Extreme, and Catastrophic, plus a "No Rating" category for low-risk days.

On the previous fire behaviour index rating system that would have resulted in permits not permitted for use can be found in the data below:

| Year | Very High Fire Danger Days in March |
|------|-------------------------------------|
| 2020 | 25 |
| 2021 | 22 |
| 2022 | 26 |

Data relating to the current AFDRS rating systems that would have resulted in permits not being used can be found below:

| Year | High Fire Danger Days in March |
|------|--------------------------------|
| 2023 | 20 |
| 2024 | 24 |
| 2025 | 22 |

With the changing of farming practices and seasonal changes it is becoming increasingly difficult for the practice of stubble burning to be achieved in the open burning period. Before the start of seeding which traditionally would not have begun until the end of April but is now commencing mid-April. This short window of time means that an extremely large portion of the district is being burnt at the same time. Increasing the risks of fires becoming uncontrollable and no volunteers available to aid any escaped burns.

As a result of conversations held at BFAC and the BFB AGM's it has been recommended that Council consider the following proposal:

BFAC recommend to the Shire to change the end of the restricted burning period to 15th March of each year and that an application to enact this change to be presented to the commissioner.

To make these changes Council will be required to make an application to the Minister, as per the *Bush Fires Act 1954 part three, division two, section 17(2)*, to revoke the current Gazetted Restricted Burning Periods and request that the Restricted Burning Period 15th February – 31st March be changed to Restricted Burning Period 15th February – 15th March (Permits Required).

Harvest Bans

Shire of Cunderdin Policy Manual Item 5.3 Harvest & Movement of Vehicles Bans as seen in attachments to this item state that - *A harvest vehicle movement ban (HVMB) will be called when an FBI reading of 40 has been recorded anywhere within the Shire of Cunderdin.*

To alleviate controversy of when and where in the district this reading is taken, Norm Jenzen has spoken to Origo Ag for information on collecting data from any local weather stations within the Shire. This platform will allow BFCO's to make informed and transparent decisions that are in the best interests of all community members within the Shire. Members of the BFAC and brigades were all in agreement of this platform being arranged.

The policy also states that a HVMB will be imposed immediately when any of the following conditions occur:
Fire Incidents within the Shire of Cunderdin

- a. Upon notification of any fires occurring within the Shire of Cunderdin and the Fire Behaviour Index is over 30, this is overridden in the event of (d) below.

It was moved by DCBFCO that the policy be changed to – when a fire is reported in any part of the Shire of Cunderdin a HVMB will be imposed. This motion was not supported by the Cunderdin Ynattering BFB AGM.

By amending the policy to take in consideration of the DBFCO's motion, it would give FCO's responsible for fire management the opportunity to assess the active fires control and risk of escalation while also preventing any further risk of fire incidents in opposing areas of the district which could have severe impacts on BFB resources. Lifting of a HVMB is the decision of the CBFCO and or DCBFCO or CESM or CEO.

Deputy Chief Bush Fire Control Officer

David Beard advised the BFAC meeting that he was resigning from the position of Deputy Chief Bush Fire Control Officer.

An expression of interest was received from Alan Mills-Heath to fill the vacated DCBCO position.

The following recommendation was made to be presented to Council:

BFAC recommend to the Shire that Alan Mills-Heath be appointed as the Deputy Chief Bush Fire Control Officer.

This recommendation is included in item 9.7 of the agenda.

A sincere thank you was extended to David Beard from all attendees of the BFAC for dedicating his time to fulfilling the position of Deputy Chief Bush Fire Control Officer for the Shire of Cunderdin.

9.5 Shire Policy Manual - Community use of Shire of Cunderdin Bush Fire Brigade Appliances

| Attachment/s: | Attachment 9.5.1 - Community Usage of Shire of Cunderdin BFB Appliances - DRAFT Policy |

Proposal/Summary

For Council to consider the adoption of Draft Community Use of Shire of Cunderdin Bush Fire Brigade (BFB) Appliances Policy as presented.

Background

The Shire owns three (3) of the Bush Fire Trucks which are located in Cunderdin Townsite, Meckering Townsite and Ygnattering.

Historically the trucks have been permitted to be used by brigade members, community groups and sporting groups for busy bees and community events and other burn offs.

Recently there have been queries regarding this use so a policy has been developed to provide clarification to Council, BFB members and the community.

The attached policy has been presented and endorsed by the Bush Fire Advisory Committee (BFAC) at their recent meeting.

Comments

The concerns that were raised over the community use revolved around the truck not being operated by trained personnel, damage that may occur to the pump systems, and that the truck would not be returned in the state that it left in, prepared and ready turnout in the occurrence of an emergency.

Allowing use of trucks to be used at community events for busy bees etc. will be beneficial for training of BFB members and public relation purposes. Stipulations in the policy will ensure that the asset is operated by qualified personnel reducing any risk of mechanical failures.

9.6 Youndegin Police Outpost

| Attachment/s: | Attachment 9.6.1 - Correspondence from current owners. Attachment 9.6.2 - Historic Information on Youndegin |

Proposal/Summary

For Council to consider proposal from land holders of Lot 35 Yilgarn Road, Youndegin, also known as the location of historic Youndegin police outpost.

Background

The Old Youndegin Police Station is located on Goldfields Road in the gazetted townsite of Youndegin. The building is a historic landmark and important tourist attraction in the Shire of Cunderdin.

The building was constructed in 1865 as a Police Outpost. In 1880 Constable Alfred Eaton accompanied by his wife Mary Anne and family took up residence at the building and he commenced his policing duties.

The Eaton's became attached to the area, and bought farming land in the district including the old police station and established the Youndegin Arms Inn. Mary Eaton is considered to be the first pioneering woman of the district.

Unfortunately for the Youndegin townsite the railway and pipeline were directed through Cunderdin which saw the gradual demise of the Youndegin townsite. The Eaton's however remained in the district, and the building is now currently owned by Eddie and Sue Eaton who generously allow tourists to visit the building.

The Eaton's have offered to gift to Council the land and buildings (Attachment 9.6.1) under conditions. The correspondence is as follows:

1. We would like the Shire to consider taking over the ownership of the Youndegin Historic Police Outpost, due to its significant historical value to the local district.
2. It would be expected that the Shire would look after the ongoing maintenance of the building and site given the resources at your disposal.
3. Regarding the long term future of the Youndegin site, we feel it will be necessary to include a legal framework to protect the property to ensure it remains a historic site.

The building is listed on the Shire of Cunderdin's Municipal Heritage List but is not on the State Heritage List.

Comments

Over the years staff have had several conversations with the Eaton's regarding the land buildings and their future. It was very unexpected and extremely generous of the Eaton's to offer to gift the land and buildings to the Shire at no cost.

The Old Police Station is extremely well preserved for a building of its age. It will need some work in the future to ensure its integrity, but this future work should not be seen as limiting.

The building and surrounding areas at Youndegin is an important link to our Shires pioneering history. Council have been developing its tourism locations within the Shire and the Youndegin Police Station and surrounding area is a very unique site that will complement the work Council has already completed.

The Eaton's offer, shown in attachments, contains conditions which will need further investigation.

The process that will need to be followed should Council resolve to enter negotiation with the Eaton's to take ownership of this property include:

- Consultation with the Heritage Council and negotiate of a Heritage Agreement.
- A future Council resolution to accept the land and any obligations of a potential Heritage Agreement.
- Registration of any agreements to be applied to the land title deeds.
- Compliance of the agreement will need to be monitored ensuring that the maintenance and preservation outcomes are being met.
- May require solicitor engagement to ensure compliance to all heritage and planning acts are being considered.

Statutory Implications

Local Government Act 1995

Planning and Development (Local Planning Schemes) Regulations 2015

9. Designation of heritage areas

- 1) If, in the opinion of the local government, special planning control is needed to conserve and enhance the cultural heritage significance and character of an area to which this Scheme applies, the local government may, by resolution, designate that area as a heritage area.
- 2) If the local government designates an area as a heritage area the local government must adopt for the area a local planning policy that sets out the following —
 - a) a map showing the boundaries of the heritage area;
 - b) a statement about the heritage significance of the area;
 - c) a record of places of heritage significance in the heritage area.

Heritage Act 2018

91. Land to which a heritage agreement may relate

- 1) A heritage agreement may relate to land constituting the whole or any part of —
 - a) a registered place; or
 - b) a place in relation to which —
 - i) the Council has made a recommendation under section 40(2); and
 - ii) the Minister has not yet given a direction under section 41(1);or
 - c) a place that is the subject of a protection order; or
 - d) a place included in —
 - i) a heritage list established or maintained under a local planning scheme; or
 - ii) a heritage area designated under a local planning scheme;or

- e) any other place the Council has approved as the subject of a heritage agreement by reason of —
 - i) special interest, not necessarily amounting to significance, relevant to the cultural heritage the place possesses; or
 - ii) the relationship of the place to a registered place; or
 - iii) the nature of, or the potential relationship of the place to and its effect or potential effect upon, a particular environment meriting conservation

92. Form and content of heritage agreement

- 2) A heritage agreement —
 - a) must, in so far as the interest of the owner of the subject land permits, provide for commitments by the owner and the obligations of the owner regarding conservation of the subject land; and
 - b) subject to the regulations, may include any other provision necessary or convenient for the purposes of carrying into effect the objectives of this Act.
- 3) Without limiting subsection (2), a heritage agreement may provide for —
 - a) requirements or restrictions regarding the conservation, interpretation, maintenance or management of the subject land, or of specimens or artefacts in, on or connected with the subject land; and
 - b) restrictions on the carrying out of specified works or works of a specified kind or standard; and
 - d) requirements or restrictions regarding the use of the subject land; and
 - e) requirements or restrictions regarding the conservation, interpretation, maintenance or management of the subject land, or of specimens or artefacts in, on or connected with the subject land; and

93. Implied and model provisions for heritage agreements

- 1) Regulations may prescribe provisions relating to —
 - a) the terms used in heritage agreements and the interpretation of those terms; and
 - b) the scope, duration and termination of heritage agreements; and
 - h) any other matter connected with the formation, interpretation and enforcement of heritage agreements.

96. Record of heritage agreements

- 1) The Council must maintain a record of the text of each heritage agreement, and each variation to a heritage agreement, in operation under this Act

Policy Implications

Cunderdin, Quairading & Tammin Joint Local Planning Strategy
Shire of Cunderdin Heritage Strategy
Municipal Inventory
Bush Fire Mitigation Plan

Financial Implications

There will be a small cost associated with the acquisition of the land and building that can be accommodated in the budget.

Future costs will include maintenance of the building and surrounding grounds. If Council promotes the building as a tourist attraction there will be ongoing costs of cleaning, gardening and general tidying up of the area.

The building will need works in the future however, given the significance of the building it is believed that grant funding for works could be possible. These amounts are currently unknown.

| Attachment/s: | Attachment 9.7.1 - Delegations Register 2024 Adopted 27.11.2024 |

Proposal/Summary

For Council to review consider and appoint Shire of Cunderdin Bush Fire Control Officers.

Background

Bush Fire Act 1954 Local Governments are to appoint Fire Control Officers to assist with the management of the *Bushfires Act 1954*.

Bush Fire Control Advisory Committee (BFAC) meeting was held at the Shire of Cunderdin Council Chambers on Thursday, 4 September 2025. It was at this meeting that Deputy Chief Bush Fire Control Officer (DBFCO) David Beard resigned from his appointment.

A notice was sent out to brigades calling for nominations of any interested parties to fill this position. There was one nomination received from Allan Mills.

Allan has been an active member of the Cunderdin and Meckering Bush Fire Brigades (BFB) for a number of years and the consensus of the September BFAC meeting was that Allan is a suitable candidate and that they would recommend his appointment to Council.

A recommendation from the BFAC was that Captains of the brigades are to be appointed as Fire Control Officers. The Captains of the brigades are:

- Meckering BFB Ashley Burges (CBFCO)
- Cunderdin BFB Trevor Diver
- Ygnattering BFB Nick Jenzen

Comments

Whilst there were no formal recommendations from the BFAC meeting for the appointment of FCO's, it will be recommended to re-appoint current officers until they indicated that they would like to retire from their positions.

It will also be recommended to Council that Policy Manual Item 5.1 Bush Fire Brigades – Establishment be amended to include a requirement for Captains elected by the BFB's will also hold an FCO position forming part of the BFAC. This will help bridge communication gaps between the brigades and BFAC ensuring functions and systems of the brigades are consistent throughout the Shire. Currently appointed FCO's are:

Ashley Burges (CBFCO) (Captain Meckering BFB)
David Smith
Digby Wilmott (Captain Ygnattering BFB)
Jeff Snooke
David Fisher
Darren Jasper
CESM
Hayley Byrnes (DCEO)

9.8 Mitchell Street Shared Path Activation – WA Bicycle Network Grant

| Attachments: | Attachment 9.8.1 - Mitchell Street Art Proposal |

Proposal/Summary

For Council to consider the Cunderdin Youth Council's Mitchell Street Art Proposals as part of the Western Australian Bicycle Network Grant (WABN) Activation, Consultation and Evaluation Plan (ACE).

Background

The WABN Grant requires that local governments develop and implement an Activation, Consultation and Evaluation Plan (ACE). This plan is a component of the WABN Grant. Activation measures included temporary (on-off activities), intermitted (pre/post surveys) and permanent (signage, landscaping, trip facilities) activities. There are five different approaches to complete activation activities which include:

- Information – Letting people know about the project through communications, promotions, publications and wayfinding/signage.
- Engagement – Directly engaging the community, key stakeholders, interest and user groups, and service providers through consultation, events and other participatory activities.
- Co-delivery – Mobilising and working with community groups. Collaborating with others helps make use of existing resource and networks, engages people through existing interest, and often broadens the impact of activities.
- Amenities – Providing trip facilities and amenities to enhance the attractiveness and accessibility of a project (e.g. bike parking, repair stations, shelters, art works and heritage displays)
- Heritage – Recognising local contexts, identifying and celebrating unique histories and providing opportunities for people to connect with their own and other cultures.

The Shire's four-year shared path project identified the following activation activities:

| Approach | Activity as identified in the ACE Plan: | Impact |
|-----------------|---|--|
| Information | Item 1: Announce commencement and completion of the project through regular means (website, newsletter & social media) | Intermitted |
| Amenities | Item 2: Providing rest areas (seating) on Forrest Street. Item 3: Bike maintenance station and bike racks (cost dependent) Item 4: Shared path art and interpretation signage. | Permanent Permanent Permanent |
| Co-Delivery | For the amenities and engagement approach, we are working with the Cunderdin Creative Towns Team (seating) and Cunderdin Youth Council (path art) to deliver the activation activities. | Temporary |
| Engagement | Item 5: Events – Walk to school day (youth/school), Walking event (seniors) as part of Road Safety week & Tour De Cunderdin (community wide). Item 6: Schools join Your Move School Program (emailed school) Item 7: LG sign up for Your Move LG Program Item 8: Activation Community Event at end of full project – invite key stakeholders (Minister of Transport, local Labour MLA, Councillors etc). | Temporary Permanent Permanent Temporary |
| Heritage | Celebrating our local community through the community arts (seating & path art) activities. | Permanent |

Comment

Council is asked to consider the proposed art installation on the Mitchell Street shared path, assisting with achieving item 4 in the ACE Plan (Shared path art & interpretation signage).

The shared concrete path along Mitchell Street provides direct access to the rear entrance of the school and is the primary commuting route used by students. The Youth Council proposes art installation along this path to enhance its visual appeal and create a welcoming environment for young people on their way to and from school. The project is designed *by youth, for youth*, reflecting the creativity and community spirit of our local young people.

Design Development

A dedicated Youth Council Committee sub-group, comprising four representatives from the Youth Council has collaborated to develop the proposed designs. After reviewing four initial concepts (geometric, abstract, words and games, and nature theme) the group selected a geometrical shape theme which offers a modern and vibrant aesthetic.

The chosen colour palette is bright and engaging without being overly bold or distracting, ensuring the artwork remains attractive to young people while complementing the streetscape. (Please refer to the attached document for the proposed design layouts and colour schemes.)

Installation Options for Council Consideration

1. **Full Installation:** Artwork on shared paths located on both sides of Mitchell and Kennedy Street, with a small number of painted geometric shapes incorporated onto the road surface in between.
2. **Dual-Path Installation:** Artwork on shared paths located on both sides of Mitchell and Kennedy Street only (no road surface painting).
3. **School-Link Installation:** Artwork limited to the shared path section between Kennedy Street and the school (end of path), with a series of smaller painted sections to visually connect the two ends. No road surface painting.

Materials & Safety

- **Paint:** Wattyl High-quality UV-resistant paint to ensure long-term colour retention.
- **Finish:** Dy-Mark Tread Rite Anti-slip coating applied over all painted surfaces to maintain pedestrian safety.

Implementation Process

The Youth Council proposes a small community event to coincide with the installation. This will include Youth Council members and invited community members (this is to reduce the risk of poor art quality delivery or unsupervised youth participation). Design patterns will be drawn on the path with Youth Councillors completing the painting (paint-by-number).

Youth Development Officer will:

- Oversee paint application to ensure a professional, high-quality finish.
- Manage the site safely and avoid accidents during the installation.

The Youth Council would like to begin installation of the project in November 2025, dependant on shared path construction completion dates. Completion dates of the shared path construction is limited by the footpath contractor and NBN installation contractors. Both contractors have been contacted regarding their proposed completion timelines, and we are awaiting their feedback.

The Department of Communities grant funds that have been applied for require the project to be completed the end of October.

Please refer to the Attachment 9.10. for the proposed design layouts and colour schemes.

Proposal/Summary

To provide an update on the matters that the Chief Executive Officer has been addressing over the past month.

Background

Cunderdin Industrial Lot Development

The Industrial Lots have gone on the market. They are currently being advertised on the Development WA website. The Shire has also advertised the Lots on behalf of development WA on its social media pages.

Watts Street Subdivision

Waiting on Western Power for design costings.

Design and Planning for Stage 2 has commenced. It is expected that this could take up to 12 months to complete the initial planning works as this will be more complicated and include internal road construction and deep sewerage connections.

Porter Consulting Engineers have advised they are waiting on UPD (power and communication design contractor) to create the plans, that are to be lodged with Western Power. Porters have draft plans; they are discussing with UPD this may include the need for a new transformer.

Once the plans are finalised (about 2 weeks) they will be forwarded to Council and lodged with Western Power and NBN.

After the plans are lodged, tenders will be called for the works. It is expected that we will not hear back from Western Power for quite some time, and that it is not uncommon for the works to start prior to hearing back from Western Power. UPD speak with Western Power before drafting the plans, so they are confident there will be no issues.

Mitchell Street and Yilgarn Street Housing Update

Yilgarn Street

Works at the house have slowed as they are waiting on the cabinet makers.

Mitchell Street

The landscaping has commenced and will be completed in the near future.

Palliative Care Unit

The painters have completed their work in the unit, and a flooring contractor has been appointed to complete the flooring.

Play Our Way Basketball Court Shelter and Upgrade

The Shed builder has been appointed and will commence in December 2025. This will allow for a shortened basketball season.

See agenda Item 9.10 for the update on the court surface.

Growing Regions – Aquatic & Wellness Hub

Council is still waiting for the Community Sport and Recreation Facility Fund (CSRFF) to open so a grant application can be submitted. Sport and Recreation have advised that they are unsure as to when the round will open.

The Lotterywest grant has been submitted.

The plans for the buildings have been completed by Donovan and Payne and will be available for inspection at the Council Meeting.

Pathways Construction

The pathway construction on Mitchell has been put on hold for four weeks due to the wet weather and the NBN works that have commenced in the Cunderdin Townsite. Staff are in talks with Genus who are completing the NBN works to ensure that new footpaths do not have to be ripped up to make way for the NBN upgrades. This has been advertised locally.

General Practitioner (GP) Services Tender

The GP Services Tender was awarded to Livingston Medical. Livingston have advised that they will commence in Cunderdin on the 22nd September 2025. In the mean time they are offering Cunderdin patients phone and telehealth appointments.

They have also advised that the new Doctor will live in the Mithcell Street house. It is anticipated that he will arrive in mid-October.

Staffing

The Shire has advertised for a new Finance Officer and an apprentice mechanic. The Finance Officer is the replacement of an existing position while the apprentice mechanic is a new position that was approved in the 2025/26 Budget.

Election

At the close of nominations, we received four nominations for four vacancies. This means that Council does not have to conduct an election and is no longer in the Caretaker period.
