Attachment/s:	Attachment 9.1.1 - Financial Report December 2025 Attachment 9.1.2 - Financial Report January 2026

Proposal/Summary

The financial reports as at 31 December 2025 and 31 January 2026 are presented for the Council's consideration.

Background

The *Local Government (Financial Management) Regulations 1996* require a statement of financial activity to be prepared each month and prescribe the contents of that report and accompanying documents. The report is to be presented at an Ordinary Council Meeting within two months after the end of the month to which the report relates.

Comment

In accordance with the *Local Government (Financial Management) Regulations 1996*, Council is required each financial year to adopt a percentage or value to be used in the Statement of Financial Activity for reporting material variances. As part of the 2025/26 budget adoption process, Council endorsed a material variance threshold of 10% or \$10,000, whichever is the greater.

The Statement of Financial Activity for the period ending 31 December 2025 and 31 January 2026 are presented for Council's information.

Proposal/Summary

Council to consider the list of payments made from the Municipal and Trust funds during December 2025 and January 2026.

Background

The *Local Government (Financial Management) Regulations 1996* prescribe that a list of accounts paid under delegated authority by the CEO is to be prepared each month, providing sufficient information to identify the transactions. The list is to be presented to the Council at the next Ordinary Council Meeting after the list is prepared and recorded in the minutes of that meeting.

9.4 2025/2026 Mid Year Budget Review

Location:	Shire of Cunderdin
Applicant:	Deputy Chief Executive Officer
Date:	12 February 2026
Author:	Kay Squibb
Item Approved by:	Stuart Hobley, Chief Executive Officer
Disclosure of Interest:	Nil
File Reference:	Nil
Attachment/s:	Attachment 9.4.1 - 2025/2026 Mid Year Budget Review

Proposal/Summary

For Council to consider the review of the 2025/2026 Annual Budget, for the period 1 July 2025 to 31 January 2026.

Background

Regulation 33A of the *Local Government (Financial Management) Regulations 1996* requires local governments to conduct a review of their annual budget between 1 January and the last day in February in each financial year. The budget review has been prepared to include information required by the *Local Government (Financial Management) Regulations 1996* and Australian Accounting Standards.

Regardless of statutory requirements, conducting a budget review at least once each year is sound financial management practice. It enables the Council to analyse the financial performance of the year to date and make amendments to the authorisations that the budget puts in place for the delivery of the local government's functions.

The Council adopted a 10% or \$10,000 minimum for the reporting of material variances to be used in the statement of financial activity and the annual budget review.

Comments

The budget review has been completed comparing the adopted budget against year-to-date actuals to 31 January 2026. Amendments have been made to the budget based on actual revenue and expenditure incurred to date.

Key features of the budget review –

- Opening Surplus -\$193,634
 - The opening balance was lower than anticipated after end of financial year allocations and accruals.
- Operating Revenue and Expenditure -\$52,716
 - Decrease in operating revenue due to reallocation of grant funding for road construction projects to capital grants, a reduction in interest revenue and profit on disposal of assets.
 - Decrease in operating expenditure due to reallocation of the materials component for capital projects, which are reported under Investing Activities.
- Investing Activities -\$178,650
 - Increase in capital revenue after reallocation of grant funding from operations and the inclusion of disposal of plant and equipment surplus to requirements (namely the John Deere grader, water truck, Bomag roller, Isuzu truck, Toyota bus and a plant trailer).
 - Increase in capital expenditure for inclusion of projects not complete at 30 June 2025, which were originally included in operations.
- Financing Activities \$425,000
 - Increase transfers from the Building and Asset Replacement reserve accounts for completion of housing and infrastructure projects.

After the above amendments have been made, the budget remains with a surplus of \$564. Council is requested to consider and adopt the recommendations contained within the review.

Proposal/Summary

That Council approve a submission to the Senate Rural and Regional Affairs and Transport References Committee on rural, regional and remote Medicare access and funding.

Background

On 27 November 2025 the Senate referred an inquiry into the state of rural, regional and remote Medicare access and funding to the Senate Rural and Regional Affairs and Transport References Committee for inquiry and report by 30 June 2026. Information about the inquiry, including terms of reference, is available at the [inquiry webpage](#). The terms of reference are also outlined below:

That the following matter be referred to the Rural and Regional Affairs and Transport References Committee for inquiry and report by 30 June 2026:

The Government's changes to rural, regional and remote Medicare access and funding, with particular reference to:

- a. the impact of the 1 November 2025 Medicare changes on access to primary care, including telehealth, for rural, regional and remote Australians;*
- b. the financial sustainability of independently owned rural general practices under current Medicare funding and incentive structures;*
- c. the extent to which current Medicare settings contribute to avoidable emergency presentations and preventable hospital admissions in rural, regional and remote areas;*
- d. the adequacy of Medicare support for the mixed-team models of care required in rural, regional and remote communities, including the roles of general practitioners, nurse practitioners, nurses, allied health professionals and visiting specialists;*
- e. the impacts of current Medicare rules and incentive arrangements on large corporate providers compared with small, community-embedded rural clinics;*
- f. reforms needed to ensure Medicare is fair, workable and sustainably funded for rural, regional and remote Australians, including the requirement for rural stress-testing of future changes; and*
- g. any other related matters.*

Local Governments have been invited to make a submission addressing some or all of the terms of reference. The closing date for submissions is Friday, 27 March 2026.

Comments

WALGA is currently preparing a submission on behalf of the sector, and the Great Eastern Country Zone is also preparing a submission.

While it's appreciated the Federal Government is taking steps to make a trip to the GP free for all Medicare card holders, by giving GP's their own discretion to take up, or not, the incentive to become a fully bulk-billing practice, makes the current system even more inequitable, particularly in the regions where the capacity for people to choose a bulk-billing service is severely reduced.

It is hoped there will be a review of the success of the first round of incentive take-up and that the Federal Government implements further changes by taking the onus away from individual GP's and corporates and introducing more of a blanket approach where those who have limited options will not be disadvantaged by lack of choice or the tyranny of distance.

9.6 Wheatbelt Secondary Freight Network Funding Application

Location:	Shire of Cunderdin
Applicant:	Chief Executive Officer
Date:	13 th February 2026
Author:	Brooke Davidson
Item Approved by:	Stuart Hobley, Chief Executive Officer
Disclosure of Interest:	Nil
File Reference:	Nil
Attachment/s:	Nil

Proposal/Summary

That Council approve a submission to the State Government, Minister Saffioti, to encourage ongoing funding for the Wheatbelt Secondary Freight Network for the 2026/2027 financial year.

Background

The Wheatbelt Secondary Freight Network Funding is provided by the State Government. The program is crucial for reducing transport costs and improving road user safety across the Wheatbelt. The funding commenced in approximately 2021, providing Local Governments with an additional avenue of funding for its road maintenance programs.

Comments

Following the Steering Committee Meeting held on Friday 30 January 2026, the following update is available from the Program Director of the WSNF.

Alongside Main Roads WA, and with their full support, funding for a further four (4) years, commencing in the 2026/27 financial year, was sought via a business case and request to the State Government in the recent budget submission period. This process has several 'rounds' during which all the requested programs are considered and either rejected from the short list or pushed forward for consideration. The WSNF submission was deemed worthy of funding at every stage until the last day. Unfortunately, at that stage treasury took the decision not to shortlist a significant number of projects as their funding priorities had changed. Sadly, the WSNF application fell into this category – along with many other MRWA projects including deferring some existing committed projects.

This news is obviously a blow to us as we need the financial support of the State Government to be able to lodge our application to the Commonwealth.

Whilst this news is unfortunate it is not the end of the WSNF. Firstly, some positive news, MRWA believe our application has a realistic chance of success in the 2027/28 financial year budget. WSNF have set the program up in such a way that it will be able to continue delivery through to that time!

The Steering Committee are reaching out to our members to request your assistance. WSNF do not want to wait to see if we will be considered in future years. We believe that the WSNF has delivered, and can continue to deliver, significant benefits to the region and wish to try to push the State Government to reconsider our funding request for the upcoming financial year. In order to assist with this, we are asking every WSNF Local Government, Steering Committee Member and Sub Regional Road Group to write to Minister Saffioti requesting she reconsider our request.

The Steering Committee is of the belief that should all of our members deliver a letter to the Minister she will be persuaded to meet with us and hopefully consider our application again. At worst it will continue to keep the WSNF program to the front of mind for the government in advance of the following financial year.

9.7 Permit to Burn – Increasing validity from 7 days to 14 days

Location:	Shire of Cunderdin

Date:	11 th September 2025
Author:	Stuart Hobley
Item Approved by:	Stuart Hobley, Chief Executive Officer

Proposal/Summary

For Council to approve updating the Application for Permit to Burn validity from 7 days to 14 days.

Background

Burning Permits are currently issued for a period of 7 days. Discussions at the Meckering Bush Fire Brigade (BFB) Annual General Meeting resulted in a motion to extend burning permits to a period length of 28 days.

The reasons given for the increase in duration for the burning permits at both the Meckering BFB AGM and the Shire of Cunderdin Bush Fire Advisory Committee (BFAC) meeting, were due to the changes in the Fire Danger Rating parameters. These changes have resulted in the number of days in a seven day period available to burn being in the restricted period being limited. On several occasions applicants have not been permitted to burn at all in a seven day period and have had to reapply on multiple occasions for permits. This can place a strain on the Shires resources.

The following motion was passed at the BFAC meeting:

Motion

That we recommend to the Shire that burning permits can be issued to a maximum of 28 days.

Moved: Jeff Snooke

Seconded: Mal Patton

Carried: 5/1

Comments

Discussions held between Shire administration including Community Emergency Services Manager, John Idland, have suggested that moving from a seven day permit to 28 day period is a significant change and that Council should entertain a less significant time period extension to be from seven days to 14 days.

Examples of surrounding local government permit periods:

Shire of York	28 days
Shire of Northam	7 days
Shire of Quairading	14 days

The community members affected by this change are majority farmers who use burning as a tool to prepare for seeding.

9.12 Amendments to the Schedule of Fees and Charges 2025/2026

Location:	Shire of Cunderdin
Applicant:	Executive Assistant
Date:	30 January 2026
Author:	Brooke Davidson
Item Approved by:	Stuart Hobley, Chief Executive Officer
Disclosure of Interest:	Nil
File Reference:	Nil
Attachment/s:	Nil

Proposal/Summary

It is proposed that Council adopt the following amendment to the Schedule of Fees and Charges:

- Labour Charge – Mechanic p/hr - \$120.00 GST inc
- Miscellaneous Equipment Hire - \$110 per day GST inc

Background

The Shire of Cunderdin's Fees and Charges currently include labour charges for the hire of the following positions:

- Manager of Works & Services
- Final Trim Grader Operator
- General Plant Operator

In September 2024, the Shire of Cunderdin employed a Mechanic. At present, no labour charge for the Mechanic is included in the Fees and Charges.

Recently, neighbouring Shires have requested to hire the broom attachment for the Bobcat/Tractor. As a result, a charge needs to be included in the Fees and Charges schedule. It is recommended that a general fee category be introduced to cover this request, titled "Miscellaneous Equipment".

Comments

Where availability permits, the Mechanic may be made available to external customers or businesses when required. In these instances, an applicable cost must be included in the Fees and Charges document.

Statutory Implications

Local Government Act 1995

s6.16. *Imposition of fees and charges*

- (1) *A local government may impose* and recover a fee or charge for any goods or service it provides or proposes to provide, other than a service for which a service charge is imposed.*
** Absolute majority required.*
- (2) *A fee or charge may be imposed for the following —*
 - (a) providing the use of, or allowing admission to, any property or facility wholly or partly owned, controlled, managed or maintained by the local government;*
 - (b) supplying a service or carrying out work at the request of a person;*
 - (c) subject to section 5.94, providing information from local government records;*
 - (d) receiving an application for approval, granting an approval, making an inspection and issuing a licence, permit, authorisation or certificate;*
 - (e) supplying goods;*
 - (f) such other service as may be prescribed.*

- (3) *Fees and charges are to be imposed when adopting the annual budget but may be —*
- (a) *imposed* during a financial year; and*
 - (b) *amended* from time to time during a financial year.*
- * Absolute majority required.*

s6.19 Local government to give notice of fees and charges

If a local government wishes to impose any fees or charges under this Subdivision after the annual budget has been adopted it must, before introducing the fees or charges, give local public notice of

-
- (a) *its intention to do so; and*
 - (b) *the date from which it is proposed the fees or charges will be imposed.*

9.13 Meckering Transfer Station – Opening Hours

Location:	Shire of Cunderdin
Applicant:	Executive Assistant
Date:	20 th February 2026
Author:	Brooke Davidson
Item Approved by:	Stuart Hobley, Chief Executive Officer
Disclosure of Interest:	Nil
File Reference:	Nil
Attachment/s:	Attachment 9.13.1 – Survey Results

Proposal/Summary

For Council to consider the operational hours of the Meckering Waste Transfer Station.

Background

The Meckering Waste Transfer Station has historically operated on Wednesdays, Saturdays and Sundays from 11:00am to 5:00pm.

In April 2025, the operational days were reduced to Wednesdays and Saturdays only, as the Waste Transfer Station Attendant was no longer able to commit to three days per week.

In 2026 a job advertisement was posted to hire a new Waste Transfer Station Attendant for Wednesday and Saturday shifts following the resignation of the previous employee.

Comments

In January 2026, Council advertised a survey seeking community feedback on preferred opening hours for the Meckering Waste Transfer Station. The survey results are attached for reference.

Overall, the majority of respondents indicated a preference for the Meckering Waste Transfer Station to operate on Wednesdays, Saturdays and Sundays. Several submissions also requested the installation of electronic gate access, similar to the system used at the Cunderdin Waste Transfer Station.

Financial Implications

Provision for \$46,039 in wages for the Meckering Transfer Station has been included in the 2025/26 Budget, which is sufficient to cover the current opening hours on Wednesdays and Saturdays and to resume opening also on Sundays should the Council decide to do so.

Strategic Implications

1.COMMUNITY AND SOCIAL

- 1.1 Community members have the opportunity to be active, engaged and connected.
Inclusive access to Shire facilities and services

4. NATURAL ENVIRONMENT

- 4.1 Maintain a high standard of environmental health services
Compliance with environmental health legislation
- 4.3 Demonstrate sustainable practises of waste management
Waste to population ratio decreases

5.CIVIC LEADERSHIP

- 5.1 Shire communication is consistent, engaging and responsive
Residents and community groups believe they are being listened to and fairly treated

Resolution 9.13

Moved Cr N Snooke Seconded Cr B Daly

That Council authorise the Chief Executive Officer to:

1. Investigate the installation of power at the Meckering Waste Transfer Station both solar and mains;
2. Open the Meckering Waste Transfer Station on the following days, Wednesday, Saturday and Sunday during the hours of 11.00am to 5.00pm;
3. Advertise for a tip attendant for Sunday;
4. Provide feedback to the community based on the survey results and comments.
