To Whom it May Concern,

### **Investigation for Deep Sewage Connection**

Council has received several requests from a section of residents along Coronation Street in Cunderdin (see enclosed map), for deep sewerage to be made accessible to their properties.

These houses are currently serviced by septic systems however due to the nature of the soil types they are not working as designed and this has resulted in significant issues with wastewater leaching from the ground in multiple locations, especially during winter.

During winter there are significant issue with wastewater leaching from the ground in multiple locations.

Council would like to request that the Water Corporation provide detailed designs of a sewage system to service these lots and work with Council and residents to find a solution to this issue.

If you require any further information or have any concerns, please do not hesitate to contact our office on (08) 9635 2700 or email [Stuart.Hobley@cunderdin.wa.gov.au](mailto:Stuart.Hobley@cunderdin.wa.gov.au)

Kind Regards,
