Subject: Meckering Hockey Field Lighting Upgrade

Hi Stuart,

I am writing in my capacity as Vice President of the Meckering Ladies Hockey Club. We would love to upgrade the lighting at our hockey field and are considering applying for the Club Night Lights Program.

What we would like to do is replace the three existing poles and install a fourth so that one full half of the field is illuminated. We train at night and the existing lighting really isn't sufficient.

Given that the hockey field is Shire property, we obviously need your permission and support to go ahead with this.

If you are generally supportive of the idea, I will speak with some lighting consultants to get a lighting plan and indication of cost.

Kind Regards
Rebekah Burges
