The Shire of Cunderdin Disability Access and Inclusion Plan is reviewed annually; public consultation is required for these reviews bi-annually.

The previous (DAIP) 2016 – 2021 was adopted 19 May 2016 at an Ordinary Council Meeting. The Shire of Cunderdin DAIP was desktop reviewed in May 2017 and again in May 2018.

### **Comment**

The Shire consulted with the Cunderdin Community during the review of the DAIP. Consultations included:

- Attendance at workshops held at local Community Group Meetings
- Invitations for participation in a DIAP Survey – Surveys were available to be completed on the Shire's website, the Administration Office, and Cunderdin Community Resource Centre.

## 9.9. Transfer land to Local Government – Lot 289 Collins Street, Meckering

<b>Location:</b>	Shire of Cunderdin
<b>Applicant:</b>	Finance and Property Assistant Executive Services
<b>Date:</b>	19 <sup>th</sup> March 2024
<b>Author:</b>	Samantha Pimlott
<b>Item Approved by:</b>	Stuart Hobley, Chief Executive Officer
<b>File Reference:</b>	A53617
<b>Attachments:</b>	Attachment 9.9.1 – Property Map

### **Proposal/Summary**

For Council to approve the appointment of McLeod's Lawyers to sell Lot 289 on Deposited Plan 222787. Possession and sale of the land will be acted upon under *Local Government Act 1995, Section 6.64*.

### **Background**

Lot 289 Collins Street, Meckering; identified as Lot 289 on Deposited Plan 222787; within Certificate of Title 2129/821; is owned by Orphan Aid.

Orphan Aid acquired the property in 2012; at this time, they were a registered charity and exempt from paying general property rates, however, the land's Emergency Services Levies and accruing interest was not exempt. The charity status for the company was revoked in 2015.

In 2020 company directors were contacted in regard to outstanding Emergency Services Levies and accruing interest, and fire breaks that their land was required to be maintained according to the Shire of Cunderdin Fire Break Order. During this contact, the Shire suggested that if they were not able to maintain the property, they could transfer land ownership to the Shire of Cunderdin.

Soad Eltoukhi, a director of Orphan Aid, advised via email that the company would relinquish the land to the Shire. Council resolved at the December 2020 Ordinary Council Meeting to accept the transfer of ownership from Orphan Aid to the Shire, and upon this transfer the companies associated rates charges of \$459.72 would be written off.

Contract for Sale documents were posted to the company's directors and not returned to the Shire.

The Shire became aware that Orphan Aid was no longer a charitable organisation and 5 years of general rates were raised in March 2021. Rates have continued to be raised annually. The Shire is currently owed \$9,571.29. This amount includes accrued interest and legal charges.

The company was served with a General Procedure Claim on 31<sup>st</sup> January 2024; the Shire was granted Default Judgement on 20<sup>th</sup> February 2024, for the outstanding amount.

Orphan Aid has made no payments to date.

### **Comment**

The property is zoned "Environmental Conservation" under the Shire's Town Planning Scheme No.4; and is located in the flood plain of the Mortlock River.

Lots adjoining this property are owned by State of Western Australia, Shire of Cunderdin and another private landowner.

Land offered for sale for non-payment of rates or service charges, and a contract of sale has not been entered into at the expiration of 12 months from the date that the land is offered for sale by public auction notice, the land may be transferred in fee simple, to the Crown in right of the State or to the Local Government.

#### Proposal/Summary

To provide an update on the matters the Chief Executive Officer has been addressing over the past month.

#### Background

##### Local Roads and Community Infrastructure Program Phase 3 Projects

The following have been completed under Stage 3 of the LRCIP

O'Connor Park

Cunderdin Golf Club – Shed

Tennis Club – Installation of the Soft Fall.

Cunderdin Sport and Recreation Club - Blinds

The projects below are still to be completed

Meckering Earthquake Memorial Garden

Oasis have completed their contract works at the Garden and we are awaiting the installation of the sign to complete the project. There has been a delay with respect to the installation of the signage and they will be installed as soon as possible.

##### Cunderdin Industrial Lot Development

Development WA have completed the final plans for the industrial development and prepared a Contract of Sale. The sale of land has now been completed and the land is now being transferred to Development WA.

Development WA has advised that the project is being held up due to two issues with the first being the issuing of titles from Landgate. This matter is being dealt with by the surveyors and should be resolved in the near future.

The second matter is with Western Power and obtaining engineering drawings. This is a concern with many projects throughout the state and Western Power are several months behind in design works.

Once engineering drawings are received it has been advised that the project should be complete within 4 months.

##### Watts Street Subdivision and Cubbine Street Subdivision

Contractors have completed the subdivision concept design, contour and feature surveys, soil and site investigations and civil engineering services.

We are still awaiting the final cost estimates for the project. Councils Planner has advised that the cost estimates are being held up by Western Power and the completion of the electrical engineering drawings for the subdivisions.

When these are available a report will be put to Council detailing the next stages of the project.

### Standardised Meeting Procedure

The Department of Local Government Sport and Cultural Industries (DLGSCI) is implementing a number of reforms to the Local Government Act 1995 (the Act) to improve transparency and accountability in local government in Western Australia and deliver benefits to ratepayers and residents.

Standardising council and committee procedures is part of these reforms. The reforms are attempting to establish a consistent approach to all local government council and committee meetings which may make it easier and simpler for people to participate in and observe council meetings, wherever they are held.

Establishing one standard is expected to simplify and improve training for council members and local government staff and it should strengthen the enforcement of breaches of meeting procedures.

Currently, it is usual practice for local governments to have local laws and policies in place to govern the conduct of council meetings. However, this approach means that there can be variation in how members of the public can engage with council meetings.

The Act allows standardised meeting procedures for all local governments to be made in the form of Regulations or model provisions, the State Government intends to make Regulations that apply to all local governments and to repeal all existing local government meetings procedures, standing orders or council meeting local laws.

It is intended that the new standard meeting procedures (also known as 'standing orders') apply to all council and committee meetings held by local governments. It is also intended that Regulations will contain consistent rules for how meetings are held.

The Shire of Cunderdin does not have an existing Standing Order Local Law and Council operates under the current legislation. The new Regulation will result in some changes to our meeting procedures including:

### Calling Meetings

- a minimum of 24 hours' notice to convene a special council meeting
- that notice to convene a special council meeting may be done with less than 24 hours' notice if an absolute majority of council members call the meeting
- that a meeting cannot commence any earlier than 8 am or later than 8 pm.

### Agendas and Orders of Business

Regulations are proposed to outline the following order of business:

- opening (local governments will still be able to continue their own practices for opening meetings, such as making acknowledgements, prayers, opening statements, etc.)
- recording attendance
- public question time (see section 6)
- public presentations and petitions (see sections 7 and 8)
- members' question time (see section 12)
- confirmation of previous minutes (see section 15)
- reports from committees and the CEO
- motions from members
- urgent business
- matters for which the meeting may be closed
- closure.

### Urgent Business

Regulations are proposed to allow the CEO to introduce an item without notice in cases of urgency if:

- an absolute majority of the council resolve to hear the matter at the meeting, and
- the item is clearly marked as urgent business.

It is proposed that DLGSC must be notified each time this occurs, within 7 calendar days, to ensure this process is only used in exceptional circumstances.

### Adjourning a Meeting

It is also proposed that if a meeting is continuing and it reaches 10:45 pm:

- the council or committee may decide to either extend the meeting for a further 15 minutes to allow for any remaining business to be concluded or determine to adjourn the meeting
- if any business remains at 11 pm, the meeting must adjourn to a day and time which is at least 10 hours later to deal with any outstanding agenda items and a notice must be published on the local government's website listing when the meeting will resume.

### Public Question Time

New standardised requirements are proposed to expand the existing Regulations to require that:

- a member of the public only needs to provide their name and suburb/locality (and not any other information) before asking a question
- a person is not required to lodge a question in writing in advance of a meeting (although a person may choose to do so, for instance if they have a very specific or technical question)
- a local government may still require a person, or their personal representative, to attend a meeting to ask a question lodged in writing in advance of the meeting for it to be addressed at that meeting
- questions must not take more than 2 minutes to ask, including a relevant preamble, unless the presiding member grants an extension of time
- if other people are waiting to ask questions, the presiding member will seek to provide equal opportunity for people to ask questions (for instance, by moving to the next person waiting after someone has asked 3 questions, and returning to the first person if time allows)
- any questions are to be answered by the presiding member, or a relevant member (nominated by the presiding member), the CEO, or an employee nominated by the CEO
- if a question, or a question of a similar nature, was asked and answered in the previous 6 months, the presiding member may direct the member of the public to the minutes of the meeting that contains the question and answer
- no debate of a question or answer is to take place
- questions may be taken on notice by the person who is answering the question
- when a question is taken on notice, a response is to be given to the member of the public in writing and a copy of the answer is to be included in the agenda of the next ordinary meeting
- the presiding member may reject questions that contain offensive language or reflect adversely on others but must provide opportunities for the question to be rephrased

### Motions and Amendments

Existing meeting procedures address many matters relating to the processes of decision making. This includes motions and amendments (including foreshadowed and alternate motions), notices of motion by members, reasons for changes to the CEO's recommended motion, passing motions "en bloc", and how voting occurs. The existing system of motions (including foreshadowed, amendment, alternate and revocation motions) are proposed to be broadly maintained.

Council members may raise motions that are not part of the agenda of a meeting to recommend a proposal for consideration. For instance, a motion might propose a new policy or decision.

Local governments commonly require notice of a motion to be provided in advance of a council meeting. This is to allow council members time to review the motion and for the CEO and administration to provide advice needed to assist council members with making a decision on a motion.

Providing notice to other council members, the CEO and administration can support a more fulsome consideration of the motion.

Regulations are proposed to require council members to provide written notice of motions at least 1 calendar week before the council meeting commences. This would generally allow those motions to be included in the meeting agenda, which must be published 72 hours before the commencement of the meeting.

It is proposed that council members will still be able to move amendments and alternative motions during debate on agenda items without providing written notice in advance of the meeting. This provides for members to be able to consider all options and suggestions for an item included in the agenda of a meeting.

It is proposed that reasons for notices of motion, amendments and other decisions that are changed at a meeting would still be required.

#### Debate on a Motion

The practice of motions being moved and seconded and debate alternating between speakers for and against the motion is used in meeting procedures statewide.

Some local governments have a further requirement where if a motion is not opposed, no debate occurs, and the motion is recorded as passing unanimously.

Regulations are proposed to provide for the following rules for formal debate on a motion or amendment:

- any motion must be seconded before it may be debated (or carried without debate)
- a motion is carried without debate if no member is opposed to the motion
- if a member is opposed, the mover and seconder may speak and are followed by alternating speakers against and for the motion, with a final right of reply for the mover
- speeches must be relevant to the motion under debate and no member must speak twice – except for the mover's right of reply, or if the council decides to allow further debate
- no member can speak for longer than 5 minutes without the approval of the meeting.

#### Questions by Members

The current practices for members asking formal questions at meetings varies throughout the sector. Some local governments have a "questions from council members" period; other local governments allow members to place questions on notice for future meetings.

Regulations are proposed to provide that:

- council members can ask the CEO questions related to any item on an agenda by providing the question in writing by 12 noon the day before the meeting
- council member questions are to be answered during the "questions from council members" agenda item
- council members must seek permission from the presiding member to ask the CEO clarifying questions during debate.
