Item Approved by:	Stuart Hobley, Chief Executive Officer

Attachment/s:	Attachment 9.5.1 - WEROC Inc. Minutes 08.04.2026

Proposal/Summary

For Council to receive the minutes from the WEROC Inc Board Meeting held Friday 8th May 2026 in Bruce Rock.

Background

WEROC is an incorporated not-for-profit organisation whose membership is comprised of representatives from the Eastern Wheatbelt Shire's of Cunderdin, Bruce Rock, Kellerberrin, Merredin, Tammin, Westonia and Yilgarn. WEROC exists to support the growth and development of the Eastern Wheatbelt.

Comments

The minutes of the Board Meeting can be found in the attachment to this item. A summary of the key items from the meeting include:

Matters for Decision – 8 May 2026

- The approval of the WEROC Budget. Annual fees will be kept at \$12,000 per Council.
- The consideration of a waste education programme from the Western Metropolitan Regional Councils (WMRC). The Proposal was not accepted.

Project Updates

- The WEROC workforce housing investigation which commenced in early 2025 is close to completion. The Wheatbelt Development Commission (WDC) are currently finalising the town action plans, which will conclude the project. An application to the Regional Housing Support Fund was made on 24 December 2025. As discussed at the WEROC Inc. Board meeting on 27 November 2025, the application was for the full cost to build the 34 dwellings identified over the six Shires. The outcome of this application is not yet known but it is unlikely that WEROC will receive any funding through this process.

Rebecca McCall, CEO, Shire of Narembeen and CEO of RoeROC outlined the work undertaken in addition to the WDC housing investigation process, to position the RoeROC Shire's as shovel-ready for future funding opportunities, and to discuss their advocacy efforts to secure government investment.

- The WEROC CEOs met with Joanne Vinci (Senior Policy Adviser – Roads, Office of the Hon. Rita Saffioti MLA) and Belinda Stopic (Acting Executive Director Infrastructure Delivery) on Thursday 5 February 2026 via Teams. At this meeting it was agreed that Ms Stopic would travel out to the region with Mohammad Siddiqui, Main Roads Regional Director for the Wheatbelt, and meet with the Shires to discuss specific concerns. We were advised that Ms Stopic and Mr. Siddiqui will be visiting the Wheatbelt in May/June. The status of the Great Eastern Highway Improvements project listed on Infrastructure Australia's Infrastructure Priority List, indicates that this still hasn't progressed any further than stage 1, despite WEROC's call for the State Government to prioritise and fast track stage 2 of the assessment process.

- A meeting was held with Nick Sloan, Chief Executive Officer and Kirsty Martin, Executive Manager Member Services, WALGA in December 2025 to discuss the option of WALGA offering shared resourcing arrangements on a fee for service basis. Specifically, it was questioned if WALGA could offer a town planning service.
- WEROC as a partner organisation to the Wheatbelt Co-operative Marketing Group, contributes financially toward cooperative marketing initiatives in conjunction with Roe Tourism, NEW Travel, Pioneers Pathway and Australia's Golden Outback. Part of this funding (\$2,200) is being used toward a "For the Road Trippers Campaign", which launched on 20 April 2026.

In addition to the co-operative marketing campaign, WEROC co-contributed to a stand at the Perth caravan and camping show which took place from 19 to 22 March 2026. The Central Wheatbelt Visitors Centre attended to promote the Eastern Wheatbelt Self-Drive trail alongside the Wheatbelt Way, Pathways to Wave Rock and Pioneer's Pathway.

Further detail is provided in the attached update. All Shires are encouraged to provide imagery and content to support the Central Wheatbelt Visitors Centre in marketing the drive trail. Please also remember to re-post content to increase reach.

Other Matters

- Presentation from Meegan Smith, Principal Hydrologist, Water Technology on the Draft Water Supply Security Strategies that have been completed for each Shire.

Proposal/Summary

That Council approve the attendance of the Shire President and Cr Todd Harris at the 2026 National General Assembly of Local Government, to be held from 23 June to 25 June 2026 at the National Convention Centre, Canberra.

Background

The National General Assembly of Local Government (NGA) is the largest annual gathering of local government leaders in Australia.

Since 1994, council leaders have converged in Canberra for the NGA to advocate for better federal funding, policy reforms and effective partnerships.

The event regularly attracts more than 1,000 delegates from throughout Australia and overseas, including mayors, shire presidents, councillors, chief executive officers, and local government officers. It provides a valuable opportunity for attendees to network, share ideas and experiences, and discuss emerging challenges and opportunities facing local communities.

The NGA also features keynote presentations, panel discussions, and workshops focused on key issues impacting the local government sector, including infrastructure, housing, economic development, climate resilience, community wellbeing, and regional sustainability.

Comments

The 2026 National General Assembly will be held from 23 June to 25 June 2026 at the National Convention Centre in Canberra. Attendance at the NGA provides an opportunity for Council representatives to engage directly with Federal Ministers, Shadow Ministers, and peak local government bodies on matters affecting regional communities.

It would be beneficial for the Shire President and Cr Todd Harris to attend the 2026 NGA to represent the interests of the Shire, participate in sector discussions, and strengthen relationships with government agencies and other local governments. Attendance also provides valuable professional development opportunities and insight into emerging trends, funding opportunities, and policy initiatives relevant to local government operations and strategic planning.

9.8 Agreement to Lease Land – Bureau of Meteorology

Location:	Shire of Cunderdin
Applicant:	Executive Assistant
Date:	19 May 2026
Author:	Brooke Davidson
Item Approved by:	Stuart Hobley, Chief Executive Officer
Disclosure of Interest:	Nil
File Reference:	Nil
Attachment/s:	Attachment 9.8.1 - Map of Aerodrome Attachment 9.8.2 - Map of Lease Area

Proposal/Summary

For Council to approve the renewal of existing land lease at the Cunderdin Airfield to the Bureau of Meteorology, for a further 10-year term.

Background

The original lease was executed in 1996 for an initial term of 20 years, expiring in 2016, with an option for a further 10-year term. On 20 April 2016, Council entered into a Deed of Renewal and Variation of Lease with the Bureau of Meteorology, extending the lease to 31 July 2026.

The lease relates to a 338m² portion of land situated within Lot 3 on Plan 7175, being the Cunderdin Aerodrome at 82 Aerodrome Road, Cunderdin.

The leased area is used by the Bureau of Meteorology to house equipment associated with the automatic weather station.

Comments

The new lease agreement is for a term of 10 years, expiring on 30 July 2036, at a peppercorn rental of \$1.00 per annum. As the disposition is to a Government Agency, under the amount of \$5,000, and the land does not have any value to anyone other than the applicant the disposal is exempt from any requirement of section 3.58 of the Local Government Act.

9.9 Draft Integrated Strategic Plan 2026-2036

Date:	19 May 2026

Item Approved by:	Stuart Hobley, Chief Executive Officer
Disclosure of Interest:	Nil
File Reference:	Nil
Attachment/s:	Attachment 9.9.1 - Draft Integrated Strategic Plan 2026-2036

Proposal/Summary

For Council to receive a draft copy of the Shire of Cunderdin Integrated Strategic Plan and advertise the draft for public consultation.

Background

The Shire of Cunderdin adopted its Integrated Strategic Plan (ISP) 2022–2032 to provide a long-term vision and strategic direction for the district over a ten-year period. In accordance with the requirements of the Integrated Planning and Reporting Framework, the Plan is required to be reviewed and updated every four years to ensure it continues to reflect the priorities, aspirations and needs of the community. As such, a review of the ISP commenced in 2026.

To support the review process, Council engaged 150 Square to undertake community consultation and assist with the development of the updated Plan. A range of engagement activities were conducted to encourage broad community participation and gather feedback from residents, ratepayers and key stakeholder groups.

Community workshops were held in both Cunderdin and Meckering, providing residents with the opportunity to discuss local priorities, future opportunities and challenges facing the district. In addition, a Resident and Ratepayer Survey was distributed, which could be completed online or via hard copy to maximise accessibility and participation.

Targeted engagement sessions were also undertaken with youth and senior community groups to ensure feedback was captured across a diverse cross-section of the community. Further community consultation sessions were conducted in both Cunderdin and Meckering to provide additional opportunities for community input into the updated Integrated Strategic Plan.

Comments

Following the completion of the community consultation process, 150 Square has prepared a draft updated Integrated Strategic Plan 2026–2036 for Council's consideration. The draft Plan incorporates feedback received through the community workshops, surveys and targeted engagement sessions undertaken across Cunderdin and Meckering.

The draft Plan is now presented to Council for review and feedback prior to being released for public comment. Subject to Council endorsement, the draft Integrated Strategic Plan will be advertised for a period of three (3) weeks to provide the community with a further opportunity to review the document and make submissions before the Plan is finalised and adopted by Council.

Proposal/Summary

To provide an update on the matters that the Chief Executive Officer has been addressing over the past month.

Background

Watts Street Subdivision

Final surveying works on the lots has been completed.

Construction works associated with the installation of underground power, NBN and water headworks have commenced. See Agenda Item 9.14.

Play Our Way Basketball Court Shelter and Upgrade

The shed construction has been completed.

The works on the gravel sub base at the courts has commenced. The asphalt should be completed by the end of May, subject to weather. There will be a delay in laying the sports surface due to the low temperature

Pool and Wellness Centre

Demolition works on the buildings and the toddlers pool have been completed. Works on the new learn to swim pool have commenced. The new footprint has been excavated, and fill and drainage works have commenced. Utilities including power and water have been disconnected and moved.

The building plans are nearly finalised and will be certified in the near future. We are still waiting on the Health Department approval for the pool plans.

Pathways Construction

Construction of the footpaths is continuing. Works are being carried out on both Forrest and Mitchell Street, and stage two will commence in June.

Wheatbelt Secondary Freight Network -- Response from the Minister

The Minister for Transport has responded to Councils request for the State Government to commit funds to the Wheatbelt Secondary Freight Network (WSFN) program.

The response says very little, mainly details on State Government spending on State Government roads, however it does allude that a business case has not been completed for the project.

An update on the current status on WSFN funding has been provided by the WSFN Program Director.

Small Towns Reinvention Conference

The National Small Towns Reinvention Conference is being held in Longreach Queensland in September 2026. Council has been considering attending different events other than the WALGA conference.

The conference is being organised to provide an opportunity for Community Builders and organisations who care deeply about the future of small-town Australia, and who desire to discover renewed passion, and new skills, knowledge and resources about rural and remote small-town reinvention.

The conference is not your normal come 'sit and listen' event but has a strong focus on seeing and interacting with best practice initiatives and rural 'movers and shakers'. Besides practical workshops, storytelling and sharing sessions facilitated by practitioners from across rural and remote Australia, this Conference will be the opportunity through three 'Learning Bus Excursions' to spend time visiting and learning from eight Western Queensland communities bubbling with community creativity and innovation- Aramac, Barcaldine, Blackall, Ilfracombe, Isisford, Longreach, Tambo and Winton.

The Shire of Westonia attended last year's conference in South Australia and were very positive about it.

Councillor Training

Councillors attended the following sessions:

Understanding Local Government

Conflicts of Interest

A question regarding proximity interests in regards to roadworks was raised at the training. A response to the question has been tabled as an attachment.

Meckering Club Meeting

The Shire President and CEO met with the Meckering Sports Club to discuss their Club Infrastructure and Development Plan 2025+.

Specially the discussion revolved around major capital upgrades of sporting surfaces -bowling green, tennis courts and hockey field.

LB Minerals

Following the information session held by LB Minerals in Meckering they have thanked Council for their input into the project.

They are also requesting Councils input into proposed transport routes. They are specifically requesting clarification on the potential for access off Moore Road utilising the existing road reserve where no road infrastructure has yet been developed. This issue has not been raised in the past and may require an agenda item.
