Dear Mr Hobley

I am pleased to advise that I have approved a grant of \$57,116 from the Department of Water and Environmental Regulation's (Department) Community Water Supplies Partnership program towards the cost of completing the Shire of Cunderdin's (Shire) Community Water Supply Project.

The grant is conditional on the Shire meeting the balance of the project cost in cash or in-kind and subject to the "Funding Agreement" with the Department.

I welcome your project to install a 200,000 L rainwater harvesting system to support sustainable water use at the Shire's sporting facility. I am pleased that this infrastructure, which includes four 50,000 L poly tanks, downpipe modifications, filtration and connection systems will maximise roof water capture and maintain water quality. Crucially, this initiative will improve long-term water security by supporting emergency supply needs, fire suppression vehicles, and the sustainable irrigation of the Cunderdin bowling green.

Ms Kayla Binding from the Department will contact you soon regarding the commencement of the project and disbursement of the approved grant.

Yours sincerely

HON DANIEL PASTORELLI MLA
